JURY TRIAL DEMANDED

COMPLAINT

Plaintiffs Iris Weinstein Haggai, on her own behalf and on behalf of Judy Lynne Weinstein and Gad Haggai, John Doe, Richard Roe, Jane Moe, Shlomi Ziv, Ayelet Samerano, on her own behalf and on behalf of Yonatan Samerano, Talik Gvili, on her own behalf and on behalf of Ran Gvili, Roe Baruch, on his own behalf and on behalf of Uriel Baruch, and James Poe, on his own

behalf and on behalf of Leo Poe, by and through the undersigned counsel, respectfully submit this Complaint pursuant to the Antiterrorism Act (“ATA”), 18 U.S.C. § 2333(d), and the Alien Tort Statute (“ATS”), 28 U.S.C. § 1350, to hold Associational Defendants (defined below), through their representatives, accountable for aiding and abetting Hamas’ continuing acts of international terrorism and violations of the law of nations.¹

INTRODUCTION

1. Defendants in this case are Hamas’ propaganda arm in New York City and on the Columbia University campus. We know this because they advertise themselves as such. Their self-described acts in furtherance of their goals to assist Hamas have included terrorizing and assaulting Jewish students, unlawfully taking over and damaging public and university property on Columbia’s campus, and physically assaulting Columbia University employees. They act behind veiled scarves and largely seek to be anonymous individually, yet seek to intimidate as a group. This case will pull down those scarves and unveil acts that violate this country’s antiterrorism laws. This case will finally hold these admitted terrorists accountable for their actions. It is time for American campuses to return to being centers for learning and to be saved from the relentless occupation by Hamas’ tragically misguided cohorts.

2. Plaintiffs are victims of Hamas’ heinous and ongoing acts of international terrorism that began on October 7, 2023, the deadliest day for the Jewish people since the Holocaust, and that have continued unabated until today. This action seeks to hold responsible those who operate critical allies of Hamas in the United States: New York-based organizations and individuals who, in coordination with Hamas and its affiliates, further Hamas’ continuing terror attacks and actions

¹ Contemporaneously with this Complaint, Plaintiffs are filing a motion for an order permitting John Doe, Richard Roe, Jane Moe, James Poe, and Leo Poe to proceed pseudonymously. As detailed in the motion, pseudonymity is warranted to protect these individuals from grave physical danger and well-founded fears of antisemitic harassment, retaliation, and reputational harms.

with insidious, pro-terror public relations operations, propaganda production and distribution, and unlawful acts.

3. Hamas is a terrorist organization founded in 1987 with the express goal of destroying the State of Israel and murdering all Jews. Today, Hamas has expanded its targets to include the United States and Western values. Hamas furthers its objectives with suicide bombings, rocket attacks, stabbings, kidnapping, and using civilians as human shields. Beyond shedding the blood of the innocent, Hamas also uses vast, well-organized, and well-funded international propaganda networks to destroy Israel's public image to both disrupt Israel's relationships in the West and prevent it from developing new relationships, especially with its Arab neighbors.

4. Hamas' strategy is to commit acts of international terrorism against civilians and then use Israel's retaliatory or defensive response as a springboard to allow its propaganda affiliates throughout the world perpetuate objectively false propaganda and terrorize institutions to sway public opinion against Israel and toward Hamas. Hamas's propaganda campaigns regularly include, among other things, misrepresentative death tolls and false accusations that Israel is a genocidal "apartheid state."² This terror-by-propaganda strategy "transcends conventional warfare tactics, aiming to exploit the international community's response to civilian casualties, generate global condemnation of Israel, hamstring the [Israeli military's] operations, and protect Hamas's military capabilities under the guise of civilian safety."³

5. For decades, Hamas has maintained what is a functionally a U.S.-based in-house public relations firm, which has changed forms several times to evade criminal and civil liability.

² It is widely known, for example, that approximately 2 million Muslims live in Israel, and nearly all are citizens or permanent residents. See, e.g., Kali Robinson, *What to Know About the Arab Citizens of Israel*, COUNCIL ON FOREIGN RELATIONS (Oct. 26, 2023), <https://www.cfr.org/backgrounder/what-know-about-arab-citizens-israel>.

³ Joshua Klein, *Exclusive: Renown Urban Warfare Expert John Spencer Warns 'World Playing Into Hamas's Strategy'*, BREITBART (Apr. 1, 2024), <https://www.breitbart.com/politics/2024/04/01/exclusive-renown-urban-warfare-expert-john-spencer-warns-world-playing-hamass-strategy/>.

Today, Hamas' American propaganda arm is directed and controlled by AJP Educational Foundation, Inc. a/k/a American Muslims for Palestine ("AMP") and its on-campus brand, National Students for Justice in Palestine ("NSJP") (collectively, "AMP/NSJP").

6. The Defendants are Within Our Lifetime – United for Palestine ("Within Our Lifetime"), Columbia Students for Justice in Palestine ("Columbia SJP"), Columbia-Barnard Jewish Voice for Peace ("Columbia JVP"), and Columbia University Apartheid Divest ("CUAD") (collectively "Associational Defendants") and their respective leaders Nerdeen Kiswani, Maryam Alwan, Cameron Jones, and Mahmoud Khalil. The Associational Defendants, which are sued through these leaders, form the New York City branches of Hamas' American propaganda firm. They are among AMP/NSJP's most important partners and affiliates.

7. On October 7, 2023, Hamas led a terrorist attack on Southern Israel. Hamas murdered more than 1,200 innocent people, including American citizens, and took more than 200 hostages back to Gaza. Since October 7, Hamas has continued to engage in countless acts of international terrorism, including continuing to hold hostage innocent civilians abducted on October 7, stealing and refusing to return the bodies of those they murdered, firing rockets at innocent civilians in Israel, and attacking Israeli soldiers.

8. While the attack was still underway, Hamas initiated its call for the "resistance abroad" to "join the battle in any way they can." The Associational Defendants resoundingly and knowingly answered Hamas' call to action.

9. On October 8, 2023, AMP/NSJP distributed a manifesto ("NSJP Toolkit") that included materials that appear to have been created before October 7. The NSJP Toolkit: (i) identifies AMP/NSJP as "PART of" a "Unity Intifada" governed by Hamas' "unified command" of terrorist operations in Gaza; (ii) calls on AMP/NSJP's partners and allies to organize a "Day of

Resistance” using specified graphics and marketing materials; and (iii) directed its allies to sign what was, effectively, a loyalty pledge to Hamas. On information and belief, AMP/NSJP sent the NSJP Toolkit to the Associational Defendants, which acted on the AMP/NSJP’s directions.

10. Associational Defendants followed the NSJP Toolkit to the letter. Since October 7, these organizations have only been more aggressive and more militant in their efforts to, in coordination with Hamas and AMP/NSJP, distribute Hamas-created and affiliated propaganda, incite fear and violence, and attack critical academic, economic, and infrastructure centers in New York City.

11. Associational Defendants have distributed pro-terror propaganda produced by and literally stamped with the logo of the “Hamas Media Office.” They also secretly and directly coordinated with Hamas’ terror patron, the Islamic Revolutionary Guard Corps (“IRGC”), to institute a blockade of critical infrastructure and institutions in New York City to support Hamas. They have also repeatedly terrorized and assaulted Jews across New York City and on Columbia University’s campus, physically assaulted Columbia University employees, and illegally seized and damaged public and private property.

12. There is a legal chasm between independent political advocacy and coordinating with a foreign terrorist organization to seed pro-terror propaganda throughout America’s largest city. Associational Defendants are not independent advocates; they are expert propagandists and recruiters for international foreign terrorist organizations and nation-state proxies operating in plain sight in New York City. Their actions violate the Antiterrorism Act and the law of nations.

THE PLAINTIFFS

13. Plaintiff Iris Weinstein Haggai, a U.S. citizen, is the daughter of Judy Lynne Weinstein, a U.S. citizen and Gad Haggai, a U.S. citizen. On October 7, 2023, Hamas terrorists

invaded their home in Kibbutz Nir Oz, a kibbutz in southern Israel. Iris's friends were murdered, their children were burnt alive, and her community was destroyed. At 6:50 am, Iris' mother called her terrified from the field where she and Iris' father were hiding from the terrorists. Iris's parents disappeared. For 83 agonizing days, she had no idea if her parents were alive and being tortured, or dead. The psychological terror of not knowing was unbearable. Finally, Iris and her family received unconfirmed intelligence that Hamas terrorists had likely brutally murdered her parents and stolen their bodies to use as bargaining chips. To this day, their bodies remain stolen in Hamas captivity, and Iris is still clinging to the hope that they might still be alive, as Hamas sometimes pretends that they have killed living hostages as part of their psychological torture. In fact, in approximately May 2024, Hamas released information suggesting that Iris' mother may have been alive when taken to Gaza as a hostage. Hamas implied she died in an Israeli airstrike.⁴ As a result of Hamas' unspeakable acts, Iris has suffered, and continues to suffer, severe mental and emotional pain, suffering, and distress. She brings a claim on her own behalf and on behalf of her parents under the Antiterrorism Act against Associational Defendants for aiding and abetting the kidnapping and murder of her parents, and the kidnapping of her parents' bodies, a continuing act of international terrorism that persists through this day.

14. Plaintiff John Doe is a United States citizen and reservist in the Israel Defense Forces ("IDF"). In 2014, John Doe sustained injuries fighting Hamas in Operation Protective Edge. On October 7, 2023, Doe was pursuing a law degree from Columbia Law School. But following Hamas' terrorist attack, he was called up for reserve duty. Doe spent 100 consecutive days in and around Gaza fighting Hamas. During that time, he was involved in gunfights and attacks by Hamas terrorists, each an act of international terrorism and collectively an ongoing act of international

terrorism. While fighting Hamas, Doe suffered mental anguish and pain and suffering. He continues to suffer from the effects of his service and continues to suffer ongoing mental and emotional trauma. Now that he has returned home, he is still forced to confront Hamas affiliates on his own campus. Doe brings a claim under the Antiterrorism Act against Associational Defendants for aiding and abetting Hamas' acts of international terrorism.

15. Plaintiff Richard Roe is a United States citizen and a reservist in the IDF. On October 7, 2023, upon learning of the attacks against Israel, his family, and his friends, he immediately returned to serve. He was deployed to the Gaza Envelope, operating in Kfar Aza, Be'eri, and Nahal Oz, and he later participated in operations in Khan Yunis to dismantle Hamas leadership and infrastructure. After months of service, Roe returned to the United States to complete his studies at Columbia University, where he was met with an overwhelming atmosphere of hostility and discrimination created by Associational Defendants. In one instance, a classmate approached Roe, openly declared their support for Hamas as a "freedom fighter" group, and told Roe that his family and friends live on stolen land. In another, a student accosted Roe as he was standing at a pro-Israel table at the campus clubs fair, put pro-Hamas stickers on their materials, pushed the table, and ripped up the sign-up papers. At Associational Defendants' urging, students actively distance themselves from Roe and other Jewish students, refuse to work with him, ignore him, and treat him as a second-class citizen. Students and professors alike have confided to Roe that they do not feel safe at school in light of the severe antisemitic disruption alleged herein. Roe has felt constantly threatened and forced to defend himself, both physically and verbally. Roe brings a claim under the Antiterrorism Act against Associational Defendants for aiding and abetting Hamas' acts of international terrorism.

16. Plaintiff Jane Moe, a U.S. citizen, served in the IDF before enrolling at Columbia University. On October 7, Moe's younger brother was deployed to Gaza, where he fought against Hamas for over a year and sustained injuries in battle. While on Columbia's campus, Moe has experienced severe emotional distress and fear due to pro-Hamas protests occurring just outside her window. These demonstrations glorify the very terrorists who had attempted to harm and kill her brother, exacerbating her emotional turmoil. Moe brings a claim under the Antiterrorism Act against Associational Defendants for aiding and abetting Hamas' acts of international terrorism.

17. Plaintiff Shlomi Ziv, an Israeli citizen, was a member of the security team at the Nova Music Festival in southern Israel on October 7. During the attack, Shlomi remained at the festival site to fend off terrorists and evacuate people, until he himself was kidnapped and taken to Gaza. Shlomi was held hostage in Gaza for 246 days, in the home of a Hamas operative, until he was rescued by the IDF. While held hostage, Shlomi's Hamas captors bragged about having Hamas operatives on American university campuses. In fact, they showed him Al-Jazeera stories and photographs of protests at Columbia University that were organized by Associational Defendants while he was being held hostage. Shlomi suffered, and continues to suffer, mental anguish and pain and suffering because of his kidnapping. Shlomi brings a claim under the Alien Tort Statute against Associational Defendants for aiding and abetting his kidnapping by Hamas in violation of the law of nations.

18. Plaintiff Ayelet Samerano, an Israeli citizen, is a mother whose life was irreversibly shattered by the atrocities of October 7. Ayelet's 21-year-old son, Yonatan Samerano, was shot and killed by a terrorist during the Hamas-led onslaught. Then, Yonatan's body was captured, tossed into the back of a vehicle, and driven to Gaza. Hamas and its allies continue to hold Yonatan's body captive today. Ayelet has suffered, and continues to suffer, mental anguish and pain and

suffering, made worse by Associational Defendants' aiding and abetting her son's attackers. Ayelet brings a claim on her own behalf and on behalf of her son under the Alien Tort Statute against Associational Defendants for aiding and abetting the murder of her son and the kidnapping of his remains by Hamas in violation of the law of nations.

19. Plaintiff Talik Gvili, an Israeli citizen, is the mother of Sergeant First Class Ran Gvili, a patrol officer who was attacked and killed defending Kibbutz Alumim during the October 7 attack. Despite his injuries, Ran continued to engage his terrorist attackers, exemplifying exceptional bravery. Hamas kidnapped Ran's body and has held him hostage in Gaza ever since. Ran was officially declared deceased on January 31, 2024. His family, enduring a prolonged period of uncertainty, held onto hope until his death was confirmed. Talik brings a claim on her own behalf and on behalf of her son under the Alien Tort Statute against Associational Defendants for aiding and abetting the murder of her son and the kidnapping of his remains by Hamas in violation of the law of nations.

20. Roe Baruch, an Israeli citizen, is the brother of Uriel Baruch a 35-year-old father of two who attended the Supernova music festival in southern Israel on October 7. During the event, Hamas terrorists launched a brutal attack, leading to Uriel's abduction and subsequent captivity in Gaza. At first, his family, including his brother Roe, held onto hope, believing Uriel was alive. Tragically, in March 2024, the Israeli military informed them that Uriel had been killed on October 7 and that Hamas was continuing to hold his body captive in Gaza. Roe brings a claim on his own behalf and on behalf of his brother under the Alien Tort Statute against Associational Defendants for aiding and abetting the murder of his brother and the kidnapping of his remains by Hamas in violation of the law of nations.

21. James Poe, an Israeli citizen, is the father of Leo Poe, who was kidnapped by Hamas terrorists from the Nova music festival on October 7. On the day of the massacre, Leo was serving as a member of the festival's security team alongside his close friends, who was murdered during the attack. Hamas attacked kidnapped Leo and took him to Gaza, where he remains to this day in an ongoing act of terror. Poe brings a claim on his own behalf and on behalf of his son under the Alien Tort Statute against Associational Defendants for aiding and abetting the kidnapping of his son by Hamas in violation of the law of nations.

THE DEFENDANTS

22. Defendant Nerdeen Kiswani is sued individually and as the representative of Within Our Lifetime. Kiswani is the co-founder, chair, and de facto president of Within Our Lifetime, which she founded in 2015 as "New York Students for Justice in Palestine." In 2018, Kiswani rebranded the organization to expand beyond students. Since then, Within Our Lifetime has been an instrumental ally for Hamas that spreads propaganda, organizes violent and racist riots and demonstrations, and promotes chaos and fear across New York City. Kiswani personally advocates for the destruction of the State of Israel "by any means necessary" and has positioned herself as one of the loudest pro-Hamas voices throughout New York City. Both Kiswani and her organization, Within Our Lifetime, are responsible for inciting many of the most horrific, violent, and hateful pro-Hamas riots through New York City.⁵

23. Defendant Maryam Alwan is sued individually and as the representative of Columbia SJP. On information and belief, Alwan is the president or de facto president of Columbia SJP. Columbia SJP is the NSJP's Columbia University affiliate. Columbia SJP was the leading organizer of pro-Hamas disruptions, encampments, and riots on Columbia's campus, including

virulent antisemitic protests that harassed and physically intimidated Jewish students and faculty, glorified Hamas, engaged in significant and dangerous premeditated unlawful acts, and significantly impaired Columbia University's ability to provide educational services to its students. These indefensible activities led Columbia to suspend Columbia SJP in November 2023. But through intermediaries, Columbia SJP continues operating covertly. The bases for the belief that Alwan leads Columbia SJP is that she has publicly identified herself as an active member, leader, and organizer of Columbia SJP, including in a lawsuit she jointly filed with Columbia SJP.⁶

24. Defendant Cameron Jones is sued individually and as the representative of Columbia JVP. On information and belief, Cameron Jones is the president or de facto president of Columbia JVP. Columbia JVP is the Columbia chapter of Jewish Voice for Peace ("JVP"), a national "partner" of AMP/NSJP.⁷ JVP's own leadership has confirmed that it views itself as an "enemy" and "opponent" of the Jewish community and sees its goal as creating "a wedge" within the American Jewish community to create the impression of weakened Jewish support for the State of Israel.⁸ Columbia JVP often coordinates with Columbia SJP and, like its national partner, is used to provide a cover so that AMP/NSJP affiliates can avoid allegations of antisemitism. Columbia JVP was suspended from Columbia's campus alongside Columbia SJP. The bases for the belief that Jones leads Columbia JVP include that he publicly identifies himself as an active

member and lead organizer of Columbia JVP, including in a lawsuit he jointly filed with Columbia JVP.⁹

25. Defendant Mahmoud Khalil is sued individually and as the representative of CUAD, Columbia SJP, and Columbia JVP. Khalil is the public face and de facto president of CUAD. On information and belief, Khalil is also the de facto president of Columbia SJP and Columbia JVP.¹⁰ CUAD was originally founded in 2016 as a collection of Columbia student organizations that supported the Boycott, Divest, and Sanction (“BDS”) movement. CUAD remained largely dormant for years until November 2023 after Columbia SJP and Columbia JVP were suspended and began operating directly through CUAD. Since then, Khalil has been the public-facing leader of CUAD. Khalil (i) was among the spokespeople for the so-called “Gaza Solidarity Encampment” (“Encampment”) at Columbia University, a prolonged pro-Hamas propaganda effort; (ii) threatened “escalation” on behalf of CUAD if its demands were not met; (iii) organized and led the actions of CUAD and Columbia SJP and Columbia JVP, which operate through CUAD; and (iv) on information and belief, directly coordinates with Hamas, AMP/NSJP, and/or other agents and affiliates of Hamas and related foreign terrorist organizations. On March 9, 2025, Khalil was detained by U.S. Immigration and Customs Enforcement pending his removal from the United States of America, upon information and belief, based on many of his actions described in this Complaint.¹¹

FACTUAL ALLEGATIONS

I. INTRODUCTION TO HAMAS

29. In 1987, after starting the “First Intifada”—a murderous string of terrorist attacks directed at defenseless civilians—the International Muslim Brotherhood’s Gaza branch splintered into a new terrorist group: Hamas.¹³ Hamas rejects Israel’s right to exist. Instead, it engages in terrorism—“jihad”—to implement an Islamist state “from the [Jordan] River to the [Mediterranean] Sea,”¹⁴ a reference to the entire State of Israel.

30. One of the primary purposes for Hamas’ terrorism, even from its inception, has been to prevent Israel from building and developing global relationships, particularly as it pertains to its Arab neighbors. For this reason, Hamas’ largest waves of terror often coincide with disrupting major peace negotiations or agreements between Israel and its neighbors.¹⁵

¹² On information and belief, the Defendants also satisfy N.Y. Gen. Ass’n L. § 13.

¹⁵ David D. Kirkpatrick & Adam Rasgon, *The Hamas Propaganda War* (Oct. 30, 2023) (stating Hamas’ October 7 attack was “a premeditated coup against the Arab-Israeli peace plan”), <https://www.newyorker.com/news/news-desk/the-hamas-propaganda-war>.

31. On October 8, 1997, the U.S. State Department officially designated Hamas as a foreign terrorist organization (“FTO”). Hamas’ FTO status has been reaffirmed twice. It remains an FTO today.¹⁶

32. Hamas relies on a three-pronged strategy to pursue its terroristic aims:

- a. **First**, Hamas uses indiscriminate, violent acts of terror against Israeli civilians, including suicide bombings, shootings, stabbings, and rocket attacks.¹⁷
- b. **Second**, Hamas uses non-combatant Palestinians—its own people—as human shields. For Hamas, this is a win-win scenario: Either Israel determines that the risk of killing non-combatants is too great and does not engage in the battle, or Israel determines that the risk of not acting is too great and engages in the operations, which allows Hamas to accuse Israel of murdering innocent people.
- c. **Third**, Hamas relies on propaganda to demonize Israel, glorify its “resistance” efforts, and cast itself as a victim of mythical “settler-colonial” oppressors—Israel and the Jewish people.

33. International propaganda, particularly propaganda directed at Western nations like the United States, is central to Hamas’ strategy. Indeed, Hamas stresses the importance of propaganda in its Charter:

Our struggle against the Jews is very great and very serious. It needs all sincere efforts. It is a step that inevitably should be followed by other steps. The Movement is but one squadron that should be supported by more and more squadrons from this vast Arab and Islamic world, until the enemy is vanquished and Allah’s victory is realised. ... In face of the Jews' usurpation of Palestine, it is compulsory that the banner of Jihad be raised. To do this requires the diffusion of Islamic consciousness among the masses, both on the regional, Arab and Islamic levels. It is necessary to instill the spirit of Jihad in the heart of the nation so that they would confront the enemies and join the ranks of the fighters.

It is necessary that scientists, educators and teachers, information and media people, as well as the educated masses, especially the

youth and sheikhs of the Islamic movements, should take part in the operation of awakening (the masses). It is important that basic changes be made in the school curriculum The Crusaders realised that it was impossible to defeat the Moslems without first having ideological invasion pave the way by upsetting their thoughts, disfiguring their heritage and violating their ideals. Only then could they invade with soldiers.

[We] hope[] that all these groupings will side with it in all spheres, would support it, adopt its stand and solidify its activities and moves, work towards rallying support for it so that the Islamic people will be a base and a stay for it, supplying it with strategic depth an all human material and informative spheres, in time and in place. This should be done through the convening of solidarity conferences, the issuing of explanatory bulletins, favourable articles and booklets, enlightening the masses regarding the Palestinian issue . . . so that these peoples would be equipped to perform their role in the decisive battle of liberation.¹⁸

34. “Propaganda plays a critical role for Hamas as it seeks to shore up its popularity” and is designed to “paint Israel as an oppressive occupier whose military operations and policies harm Palestinians, especially innocent civilians, including children.”¹⁹ Hamas’ terror-by-propaganda strategy, which relies heavily on preexisting and historical anti-Jewish hatred and biases, “transcends conventional warfare tactics, . . . generate[s] global condemnation of Israel, hamstring[s] the IDF’s operations, and protect[s] Hamas’ military capabilities under the guise of civilian safety.”²⁰

35. Today, Hamas is largely funded, trained, and controlled by the Islamic Republic of Iran’s IRGC, another FTO. Hamas and the IRGC share the common goal of destroying Israel and the United States.

II. HAMAS' AMERICAN PROPAGANDA DIVISION

A. *The "Palestine Committee"*

36. In 1988, the Muslim Brotherhood and Hamas founded the "Palestine Committee" to serve as Hamas' terrorist funding and support enterprise in the United States.²¹ The Palestine Committee was a network of like-minded organizations that disregarded corporate forms and legal requirements. The Palestine Committee directly coordinated with Hamas to help achieve its goals in the United States. For example, in 1993, the FBI wiretapped a meeting between the Palestine Committee and Hamas operatives in the United States that

show[s] internal discussions on how to improve activities in support of Hamas within the US and how to shield them from the designation of Hamas as a terrorist organization. US-based Hamas activists agreed that hiding their affiliation and intentions was the best tactic to avoid negative consequences. "I swear by Allah that war is deception," said one senior leader, "[d]eceive, camouflage, pretend that you're leaving while you're walking that way. Deceive your enemy." "Let's not hoist a large Islamic flag and let's not be barbaric-talking. We will remain a front so that if the thing [the U.S. government ban on Hamas] happens, we will benefit from the new happenings instead of having all of our organizations classified and exposed."²²

37. The wiretapped meeting centered around the Palestine Committee's assurance to Hamas that, following the Oslo Accords, it remained committed to promoting Hamas' goal of derailing Israel's normalization and peace efforts by assisting on all fronts: financial, informational, and political.

38. The Palestine Committee consisted of several organizations. The most relevant here are the Holy Land Foundation for Relief and Development ("HLF"), the Islamic Association for

Palestine (“IAP”), and IAP’s many alter egos, including the American Muslim Society (“AMS”). HLF served as Hamas’ fundraising arm in the United States. IAP’s “primary function was to serve as the public voice of Hamas in the United States.”²³ AMS was originally incorporated as a separate organization, but merged with IAP and operated as one of its many alter egos.²⁴

39. HLF and IAP were both founded and controlled by members of Hamas’ senior leadership. For example, IAP was founded by Khaled Mashal, the current Acting Chairman of the Hamas Political Bureau.²⁵ Mr. Mashal described IAP as one of the “first pillars” of Hamas’ terrorist organization.²⁶ IAP was heavily financed by Mousa abu Marzook, a “Specially Designated Global Terrorist.”²⁷

40. In 2001, the United States Office of Foreign Asset Control designated HLF a “Specially Designated Global Terrorist.”²⁸ Then, in 2008, HLF and five of its leaders—often referred to by Hamas and its allies as the “Holy Land 5”—were convicted of providing material support to Hamas.²⁹ Among many other things, evidence at trial established “numerous donation checks” were “for Palestinian Mujahidden [martyrs] only.”³⁰

41. In December 2004, after an IAP alter ego was found civilly liable for funneling money to Hamas in violation of the Antiterrorism Act, IAP dissolved.³¹

42. Hamas' initial material support enterprise was so significant to Hamas that, on October 9, 2023, Hamas officials explained that one of their motivations for their October 7 terrorist attack included demanding the release of the terrorist financiers convicted in the HLF trial.

B. AMP and NSJP

43. Shortly after the original material support enterprise for Hamas—including HLF and IAP—was exposed, its architects worked to resurrect the enterprise in a way that would more effectively hide their actions. In 2006, several of the original enterprise's key members founded AMP to fill the gap left by the loss of IAP. That is, to—once again—provide Hamas with an effective propaganda and recruiting arm in the United States.

44. There is “significant overlap between AMP and people who worked for or on behalf of organizations that were designated, dissolved, or held civilly liable by federal authorities for supporting Hamas.”³²

46. Osama Abuirshaid, the Executive Director and National Board Member of AMP was a former Board Member of IAP/AMS. Mr. Abuirshaid specializes in creating and publishing propaganda for Hamas and its allies. He has interviewed Hamas leadership³⁵ and been featured on the website of the al-Qassam Brigades: the military wing of Hamas.³⁶ In 2021, Mr. Abuirshaid spoke at a conference alongside Leila Khaled (a convicted airplane hijacker),³⁷ Sami Khater (a Hamas co-founder), and Mohammad Nazzal (a Hamas Senior Official and Specially Designated Global Terrorist).³⁸ Abuirshaid also regularly travels to Turkey, where he meets with Sami Al-Arian, who was convicted in the United States in 2006 for providing material support to Palestinian Islamic Jihad, another FTO operating in Gaza.³⁹ Indeed, Abuirshaid believes that his support for Hamas and his regular travels have landed him on a U.S. government terror watch list.⁴⁰

47. In 2010, AMP organized and sponsored the first ever National Students for Justice in Palestine Convention to unite Students for Justice in Palestine (“SJP”) chapters that had been operating at different American colleges and universities. The conference was held at Columbia.⁴¹ At the convention, AMP announced the creation of NSJP—AMP’s new on-campus program—designed to control the management, financing, and messaging of SJP Chapters across the country.⁴²

48. NSJP has no formal corporate structure of its own but operates as AMP’s college campus brand. AMP maintains organizational management and control of NSJP, and in 2022, developed a new centralized approach that provides it with even more control over the affairs of individual SJP chapters.⁴³

49. Today, NSJP operates as an “umbrella organization” for American SJP chapters, which allows AMP to push unified propaganda, messaging, and tactics to be deployed by each of their subsidiary organizations while still maintaining the façade that SJP chapters are independent, student-operated campus clubs. In reality, with NSJP as its central control apparatus, AMP uses individual SJP chapters to serve as Hamas’ propaganda agents across college campuses.

50. NSJP and its individual affiliated chapters operate through a network of encrypted messaging apps and email services often linked to international terrorism.⁴⁴ NSJP uses these

secretive means to guide local chapters with core principles of anti-Zionism and “anti-normalization.”⁴⁵ Some chapters even use pseudonymous names to hide their NSJP affiliations.⁴⁶

51. AMP openly fosters, controls, and develops campus activism through NSJP. For example, a recent AMP annual conference featured a “Youth Program” that included an “SJP Workshop.” The conference also included the “Campus Activism Track”—a specific program for students—designed to increase “solidarity between SJP chapters.”⁴⁷

52. NSJP regularly (1) identifies itself as a supporter of, and sometimes even part of, Hamas and its affiliates’ movement; (2) disseminates instructions from Hamas and other FTOs; (3) hosts speakers that are Specially Designated Global Terrorists or affiliated with them; and (4) provides direct aid to the same.

53. In addition, AMP also controls certain media accounts for national JVP, an ostensibly Jewish organization that identifies itself as a “Partner” of AMP/NSJP.⁴⁸ AMP’s ultimate control of JVP and its individual chapters, like its control of NSJP and individual SJP Chapters, appears to go further than a “Partnership.” Indeed, upon information and belief, AMP has at least partial control over JVP and its individual chapters’ operations.

54. AMP’s purpose in controlling these campus organizations has three major goals: (1) normalize Hamas’ terrorism in Western academia and society through the use of expert propaganda materials and coercive threats of unlawful behavior and/or violence; (2) recruit college

students to support Hamas; and (3) establish an environment on American college campuses where Jews are *persona non grata* and violence against them is accepted, justified, and even lionized.

55. In short, AMP/NSJP are Hamas' current material support enterprise. They not only provide Hamas a public relations and propaganda division, but they also recruit foot soldiers to engage in direct acts of violence, destroy property, disrupt critical academic and economic centers, and generally incite fear and chaos in support of Hamas' American Intifada. The purpose of these actions is to (i) intimidate and coerce the American people to forsake Israel and support Hamas; (ii) influence United States policy through intimidation and coercion to shift away from Israel and toward Hamas; and (iii) to affect the conduct of the United States government. These activities are instrumental to Hamas' short and long-term goal of weakening Israel and allowing Hamas to engage in its acts of international terrorism with less resistance.

C. Columbia SJP and Columbia JVP

56. AMP/NSJP have been highly successful in achieving their goals in New York City and on the campus of Columbia University. This is largely because of the aggressive, militant approach taken by their local affiliates: Columbia SJP and Columbia JVP.

57. Columbia SJP provides AMP/NSJP with a presence on Columbia University's campus. For years, Columbia SJP has been one of the most active and aggressive NSJP campus affiliates in the nation. With AMP/NSJP's direction and support, Columbia SJP has hosted rallies, invited terrorists to campus, incited riots, spearheaded BDS campaigns, and intentionally designed its activities to intimidate Jewish students, faculty, and staff.

58. Columbia JVP, like Columbia SJP, has been one of the most active and aggressive national JVP campus affiliates in the nation. AMP/NSJP has at least some significant control over national JVP's messaging and operations. It is thus not surprising that Columbia JVP maintains a

tight-knit relationship with Columbia SJP akin to the close relationship between their national partners, which—again—are controlled by AMP/NSJP. Indeed, Columbia JVP partners with Columbia SJP on most, if not all, of its most significant events supporting Hamas' cause.

59. Columbia JVP is a valuable tool to AMP/NSJP—and to Hamas—because it allows for dissemination of pro-Hamas propaganda through allegedly Jewish spokespersons, which helps shield against allegations of anti-Jewish rhetoric and intentions.

60. One of the principal components of the partnership between Columbia SJP and Columbia JVP is their 2016 creation of CUAD. CUAD was initially founded by Columbia SJP and Columbia JVP to create a partnership of numerous on-campus student organizations to support the BDS movement against Israel. Though approximately 100 student organizations joined CUAD at one point or another, the organization has, at all relevant times, been primarily controlled by the Columbia SJP and Columbia JVP.

61. While Columbia SJP, Columbia JVP, and CUAD provide AMP/NSJP with a significant force on Columbia's campus, Within Our Lifetime serves as AMP/NSJP's chief operating partner and ally throughout New York City as a whole.

62. Kiswani is a critical component of the AMP/NSJP ecosystem. In 2015, while enrolled at the City University of New York School of Law, she helped found New York City Students for Justice in Palestine. In 2018, Kiswani rebranded New York City Students for Justice in Palestine as Within Our Lifetime, allowing her to expand the organization beyond students and direct it to the city at large.

63. Within Our Lifetime, controlled by Kiswani, has, at all relevant times, affiliated itself with Hamas, its original material support enterprise, and AMP/NSJP, Hamas' current captive propaganda firm. Among many other things, Within Our Lifetime has, long before October 7, (i)

incited violent riots in support of Hamas;⁴⁹ (ii) disseminated a “toolkit” for Hamas protests that parrots Hamas and AMP/NSJP chants and marketing materials such as “Globalize the Intifada!” and “From the River to the Sea! Palestine is Arab!”⁵⁰; (iii) dedicated substantial efforts to AMP/NSJP’s pet projects, such as demanding the release of the “Holy Land 5” and Sami Al-Arian⁵¹; and (iv) collaborates with Hamas-affiliated FTOs like the Popular Front for the Liberation of Palestine (“PFLP”) and Samidoun.⁵²

64. The Associational Defendants’ provision of propaganda and recruiting services for Hamas is especially valuable to Hamas because New York City is a dense urban center and an unparalleled hub for academia, economics, technology, media, entertainment, and the arts.

III. HAMAS’ ACTS OF INTERNATIONAL TERRORISM

A. *The October 7 Attack*

65. On October 7, 2023, Hamas—in collaboration with the IRGC, PFLP, and other terrorist organizations in Gaza—attacked Southern Israel. Hamas terrorists marched town to town, house to house, and car to car with the sole aim of causing as much death, pain, and destruction as possible. They brutalized, maimed, raped, and murdered entire families.⁵³ Much of Hamas’ worst savagery was saved for women, children, infants, and the elderly.

66. Hamas also targeted a local music festival, the Nova Music Festival, where thousands of people—mostly in their teens and early twenties—were gathered to not just enjoy music, but to celebrate the pursuit of peace. Hamas terrorists, some using makeshift paragliders, a new tactic for Hamas, attacked the Nova Music Festival, murdering more than 260 innocent festival goers.⁵⁴

67. Hamas also kidnapped more than 200 civilians on October 7 and brought them back to Gaza as hostages. In Gaza, hostages were murdered, tortured, raped, maimed, and otherwise subjected to abhorrent, despicable conditions. As just one example, Hamas terrorists brutally murdered two babies they took hostage, Ariel Bibas (four years old) and Kfir Bibas (nine months old), with their bare hands.⁵⁵ Hamas also mutilated and desecrated many of the bodies of the innocent people that they kidnapped and murdered.⁵⁶

68. Hamas continues to hold hostage the bodies of those they have murdered. To this day, Hamas holds dozens of hostages, living and deceased. Hamas has refused and continues to refuse to release both living hostages and the remains of those they murdered unless Israel accedes to its political demands.⁵⁷

B. Attacks on Israeli Soldiers and Civilians

70. Following October 7, Israel commenced military operations in Gaza, including air strikes and ground attacks. Hamas terrorists have engaged in countless attacks against Israeli forces, resulting in the deaths of hundreds of Israelis.

71. As an FTO, Hamas is not a lawful military force and cannot engage in lawful acts of war. Every attack by Hamas is an individual act of international terrorism as well as part of the ongoing, continuing act of international terrorism that began on October 7.

72. Hamas has also continued to engage in innumerable acts of international terrorism against innocent civilians, primarily by launching rockets at their homes and communities. These ongoing attacks force civilians to fear for their lives, evacuate and abandon their homes, and seek

safety in bomb shelters. These attacks are also individual terror acts and a component of the ongoing terror act that began on October 7.

73. Plaintiff John Doe was among those who fought Hamas in Gaza. Doe left his studies at Columbia Law School to serve in the Israeli military and spent 100 days fighting against Hamas. As a result of his combat experience, Doe suffered mental anguish, pain, and suffering. He continues to suffer from the effects of these injuries and continues to suffer ongoing mental and emotional trauma.

74. Plaintiff Richard Roe paused his studies at Columbia University to return to service with the IDF following October 7. Within 24 hours of landing, he was deployed to the Gaza Envelope, where he was repeatedly shot at by Hamas terrorists. As a result of his combat experience, Roe suffered mental anguish, pain, and suffering. He continues to suffer from the effects of these injuries and continues to suffer ongoing mental and emotional trauma.

75. On October 7, the younger brother of Plaintiff Jane Moe, a Columbia student, was deployed to Gaza, where he fought against Hamas for over a year and sustained injuries in battle. As a result, Moe has experienced severe emotional distress, exacerbated by the demonstrations on Columbia's campus that glorified the terrorists who had attempted to harm her brother.

76. Each of the crimes discussed above was an individual act of international terrorism. And viewed collectively, all the foregoing conduct, commencing on October 7 and lasting through today, constitutes a continuous act of international terrorism.

77. These acts of international terrorism were intended to prevent Israel from normalizing its relationships with its Arab neighbors. Hamas and its puppet master, the IRGC, are threatened by the success of the Abraham Accords, a landmark peace deal between Israel and several of its Arab neighbors, including for example the United Arab Emirates, negotiated and

finalized during the first Trump administration. Shortly before the events of October 7, it became apparent that Israel was preparing to normalize relations with Saudi Arabia, arguably the single most diplomatically relevant Arab nation and Iran’s chief geopolitical foe. Indeed, Hamas has expressly admitted that its attack was designed to “land[] a blow to the normalization [of relations between Israel and its Arab neighbors]. What happened before will not be the same after this operation. This was one of the operation’s goals.”⁵⁸

IV. HAMAS’ CALL TO ACTION

78. Within hours of its October 7 attack, Hamas issued a call for mass mobilization of its “resistance abroad” to “join the battle in any way they can.”⁵⁹ Indeed, “within hours of its attack on October 7, Hamas’ Qatar-based politburo web operatives flipped the switch on a slickly produced global social media disinformation campaign calculated to trigger an outpouring of pro-Palestinian/anti-Israel sentiment across global social media platforms to amplify (and justify) Hamas’ terror.”⁶⁰ Khaled Mashal—the former founder of IAP, AMP/NSJP’s predecessor in Hamas’ American material support enterprise—headed this campaign and told Hamas’ global supporters that they should be “part of this battle.”⁶¹

The initial disinformation flood was in Arabic directed at Arab social media sites to create sympathy for Hamas for its ‘defense’ of Jerusalem’s Muslim holy places and its ‘justified’ struggle to free Palestinian prisoners jailed in Israel. But its second phase unleashed

tens of thousands of fake disinfo[rmation] bots in other languages to push the Hamas anti-Israel/antisemitic narrative.⁶²

79. Hamas has issued express guidelines detailing how its propagandists should “play their part in strengthening the home front and in properly conveying information worldwide.”⁶³ Indeed, in the wake of October 7, the Hamas Media Office released a manifesto titled “Our Narrative” that provides its propaganda network with precise analyses for how to spin the story.⁶⁴

80. The Associational Defendants not only obtained and disseminated Hamas’ “Our Narrative” propaganda document, but painstakingly followed it. In doing so, they directly responded to, and followed orders from, Hamas, an FTO.

V. THE NSJP TOOLKIT

81. On October 8, 2023, in direct response to Hamas’ “call for mass mobilization” issued immediately following its attack, AMP/NSJP disseminated the NSJP Toolkit to its chapters and affiliates, including upon information and belief Columbia SJP, Columbia JVP, and Within Our Lifetime.⁶⁵

82. The NSJP Toolkit uses the euphemism “the resistance” and similar phrases to refer to Hamas and the other terror organizations working under its command:

Referred to as Operation *Towfan Al-Aqsa* (Al-Aqsa Flood), the resistance has taken occupation soldiers hostage, fired thousands of rockets, taken over Israeli military vehicles, and gained control over illegal Israeli settlements. In the West Bank, the Palestinian resistance has called for collective action by the Palestinian masses amidst attempts by the Zionist entity to lock-up the West Bank.

⁶⁵ The NSJP Toolkit is attached as Exhibit 1.

Today, we witness a historic win for the Palestinian resistance: across land, air, and sea, our people have broken down the artificial barriers of the Zionist entity . . . As the Palestinian student movement, we have an unshakable responsibility to join the call for mass mobilization.⁶⁶

83. The NSJP Toolkit demands that its members, allies, and affiliates “not only support, but *struggle alongside our people back home ... and above all normalize and support our fearless resistance.*”⁶⁷ To do so, AMP/NSJP demand that their followers “normalize the resistance”— Hamas—by arguing that

Liberation is not an abstract concept. . . . [L]iberating colonized land is a real process that requires confrontation by *any means necessary*. In essence, decolonization is a *call to action* . . . It calls upon *us* to engage in meaningful actions that go beyond symbolism and rhetoric. Resistance comes in all forms—*armed struggle*, general strikes, and popular demonstrations. *All of it is legitimate, and all of it is necessary.* (emphases added)⁶⁸

84. The NSJP Toolkit urges AMP/NSJP to provide “*real*” support to Hamas and their allies not just through arguments and rhetoric, but also through “confrontation” that can include, among other things, “armed struggle” and violence.

85. Then, AMP/NSJP describes the existence of a “Unity Intifada” that is “cross-factional” and operating “under unified command” in Gaza; the only entity operating any resemblance of a “unified command” of terrorist organizations in Gaza is Hamas.⁶⁹

86. Rather than describe themselves as supportive of, affiliated with, or spiritually connected to Hamas’ Unity Intifada, AMP/NSJP identify themselves as “*PART of this movement [Hamas’ Unity Intifada], not in solidarity with this movement.*”⁷⁰

87. Next, the NSJP Toolkit provides its chapters with graphics and marketing materials to advertise the “Day of Resistance” and other events. These graphics include, among many other violent images, artistic renderings of Hamas paragliders.⁷¹ As discussed above, Hamas used paragliders for the very first time the day before to infiltrate Israel and murder innocent civilians at the Nova Music Festival.

88. Lastly, AMP/NSJP directed their chapters to endorse the “Towfan Al-Aqsa Statement.”⁷² “Towfan Al-Aqsa” (“Al-Aqsa Flood”) was the codename for Hamas’ October 7 attack. The Towfan Al-Aqsa Statement was drafted by NSJP’s University of California at Berkeley chapter, Bears for Palestine, on behalf of the united coalition of Students for Justice in Palestine.⁷³ It demands that AMP/NSJP chapters pledge loyalty to the cause: providing knowing and

⁷³ *Id.*

substantial assistance to Hamas' prior and ongoing acts of international terrorism. It requires chapters to declare their "unwavering support of the resistance in Gaza [Hamas]." ⁷⁴

89. The Towfan Al-Aqsa Statement declares support for the signatories' "comrades in blood and arms"—a phrase from an FTO-affiliated Telegram channel called "Resistance News Network"—intended to refer to Hamas and its affiliates. ⁷⁵ The Towfan Al-Aqsa Statement closes:

We support the resistance [Hamas], we support the liberation movement, and we indisputably support the Uprising.

Gaza is the cradle of our resistance and the lifeblood of our struggle. . . . From the River to the Sea, we will come to support resistance [Hamas] until we are able to return home to a unified Palestine. Glory to Palestine, glory to the resistance [Hamas], and glory to our martyrs. ⁷⁶

90. On information and belief, AMP/NSJP distributed the NSJP Toolkit to the Associational Defendants. The bases for that belief include the close connections among AMP/NSJP and Associational Defendants detailed above. More than that, the Associational Defendants promptly enacted the Toolkit to the letter.

91. As directed by the NSJP Toolkit, *Columbia SJP signed the Towfan Al-Aqsa Statement "in unison" with NSJP and Bears for Palestine*. A note at the bottom of the Towfan Al-Aqsa Statement confirms that the document was disseminated, drafted, and "signed in unison" by 83 signatories, including Columbia SJP, by October 7, 2023, at 3:00pm PST. ⁷⁷ Thus, the Towfan

Al-Aqsa Statement was drafted, reviewed, and signed by more than 80 organizations before and/or during the events of October 7 themselves.⁷⁸

92. On information and belief, Associational Defendants had prior knowledge of the October 7 attack. The bases for that belief include the timing of the NSJP Toolkit’s distribution and the signing of the Towfan Al-Aqsa Statement. The bases also include the Toolkit’s inclusion of paraglider graphics. And as to Columbia SJP, the bases also include a highly suggestive social media post published moments before the October 7 attack began. Three minutes before Hamas began its attack on October 7, Columbia SJP posted on Instagram “We are back!!” and announced its first meeting of the semester would be announced and that viewers should “Say tuned.” Before the post, Columbia SJP’s account had been dormant for months.

93. Like Columbia SJP, Within Our Lifetime promptly answered Hamas' call. It issued a statement on October 7 that it "support[s] Palestinian resistance in all its forms. By any means necessary. With no exceptions and no fine print."⁷⁹ Contemporaneously, before the NSJP Toolkit was even released, Kiswani, on behalf of Within Our Lifetime, called for an "Emergency Rally for Gaza" using the marketing materials that would not be released until the next day.⁸⁰

VI. THE ASSOCIATIONAL DEFENDANTS ENACT THE NSJP TOOLKIT

94. After receiving the NSJP Toolkit, the Associational Defendants promptly leapt into action to knowingly assist Hamas with the provision of pro-Hamas propaganda.

95. These actions, as described below, substantially assisted Hamas in its ability to engage in its post-October 7 acts of international terrorism by disseminating propaganda and espousing a worldview to an impressionable Western audience that may not understand the evil of Hamas and its intentions or recognize lies about the State of Israel.

A. The Fall 2023 Semester

96. Immediately after its October 7 attack, Hamas called on its supporters to join in a “Day of Rage” scheduled for the next week.⁸¹ In the NSJP Toolkit, AMP/NSJP called on their supporters to join in a “Day of Resistance” on the same day.⁸²

97. Columbia SJP and Columbia JVP began promoting their “Day of Resistance” and Within Our Lifetime began promoting its “Day of Rage”⁸³ across New York City and on Columbia’s campus. These Days of Rage/Resistance have continued, unabated, for years.⁸⁴ The advertisements for these events included clear references to many materials produced and provided by AMP/NSJP and even Hamas itself.

98. Even before the Day of Rage/Resistance, its mere announcement had its intended effect. Jewish Day Schools and other Jewish institutions throughout the United States, including in New York City, shut their doors and New York City government, recognizing a legitimate potential threat to these institutions, emphasized that it would fully mobilize law enforcement to ensure the safety and security of Jewish New Yorkers.⁸⁵ The threat from the Day of Rage/Resistance even forced Columbia University—a non-Jewish institution—to close its campus as a safety precaution.⁸⁶ Jewish students at Columbia University and Barnard College were advised to lock their doors and remain inside for their own safety.⁸⁷

99. On October 9, 2023, Columbia SJP issued its own separate statement of “full solidarity” with the “Resistance” (Hamas).⁸⁸

100. Columbia SJP and Within Our Lifetime’s Day of Rage/Resistance events were filled with the exact sort of hate, vitriol, and violent rhetoric that Hamas and AMP/NSJP demanded.⁸⁹ Khalil led Columbia SJP’s Day of Resistance.⁹⁰

also called on its followers to “continue their movement in solidarity with the Gaza Strip and in support of the justice of our national cause, and to escalate all forms of popular pressure.”

102. On October 30, 2023, Hamas, the PFLP, and several other FTOs put out a new call for the “masses of our people throughout occupied Palestine to escalate all forms of resistance and struggle against the Zionist enemy, targeting its soldiers and settlers.”⁹² At the same time, they addressed their supporters abroad and called for “the free people of the world to continue their movements to stop the American-Zionist aggression.”⁹³

103. The next day, NSJP responded by advertising a “Week of Action for Gaza.” Columbia SJP and Columbia JVP participated in the Week of Action for Gaza.⁹⁴

104. On November 5, 2023, PFLP, a Hamas-affiliated FTO, called on supporters “to continue the unprecedented mass mobilizations in the capitals and cities of the world, especially in the United States, Britain, France and Berlin These have proven their effectiveness and strong impact, and what we are witnessing of changes in the official Western discourse indicates the strength and impact of this pressure and confirms that we are facing important transformations in public opinion.”⁹⁵

“Shut it Down for Palestine” event.⁹⁶ Columbia SJP advertised the campaign and the even on its Instagram account, directing students to gather at Columbia’s Low Library.

106. The “Shut it Down for Palestine” event descended into—as planned—anti-Jewish and vitriolic hatred and threats. At the rally, speakers shouted for “Death to Jews!” and other hateful rhetoric and encouraged Hamas and AMP/NSJP’s comrades across Columbia’s campus to hunt down and assault pro-Israel Columbia students. The next day, November 10, 2023, Columbia suspended Columbia SJP and Columbia JVP for, among other things, “threatening rhetoric and intimidation.”⁹⁷

107. After their suspension, Columbia SJP and Columbia JVP continue to operate through the CUAD name.⁹⁸ Khalil and former members and/or organizers of Columbia SJP became leaders of CUAD. Over 80 of CUAD signatory chapters have continued with the CUAD Coalition to allow Columbia SJP and Columbia JVP to continue operating despite their suspension.⁹⁹

108. CUAD first posted to Instagram on November 27, 2023, just two weeks after Columbia SJP was suspended. While Columbia SJP continued to hold unsanctioned events and rally its supporters through social media, CUAD became Columbia SJP’s new mouthpiece to spout Hamas propaganda on Columbia’s campus. primary organizer of the violent and antisemitic protests that would foment terror, sow discord, and disrupt campus life at Columbia for over a year.

109. When this transition occurred, CUAD expressed the same affiliation and fealty to AMP/NSJP that had previously been exhibited by Columbia SJP. CUAD began sending representatives to NSJP events. At a virtual NSJP event titled “Want to Build a Coalition” on December 7, 2023, Alwan, identifying herself as “Maryam (Columbia SJP, She/Her)” stated that operating under CUAD’s banner allowed NSJP’s agents and activists on Columbia’s campus to be *more openly radical*.¹⁰⁰

110. On December 10, 2023, Hamas announced that “We commend the global movement advocating for a comprehensive strike, tomorrow, Monday, December 11, 2023. We invite all the free people of the world to participate widely in it We also call for the continuation and escalation of all forms of mass marches and public demonstrations, in cities, capitals, and squares around the world, condemning the American support...”¹⁰¹ That day, NSJP posted a call for its followers to participate in a global strike for Palestine on December 11, 2023—just like Hamas had asked them to.¹⁰² Columbia SJP and Columbia JVP similarly heeded Hamas’ call and, despite their suspension from campus, organized a rally in front of Barnard and in front of Low Library.¹⁰³

111. Throughout the rest of the Fall 2023 Semester, the Associational Defendants regularly, routinely, and consistently followed the orders of Hamas, whether given directly or through intermediaries such as PFLP or AMP/NSJP.

B. The Spring 2024 Semester: Escalation

112. On January 21, 2024, Khaled Mashal—the former founder of IAP, AMP/NSJP’s predecessor in Hamas’ American material support enterprise—applauded the Associational Defendants’ work as propagandists and foot soldiers for the Hamas cause. Mashal made clear that the support of its allies in the United States was fundamental to Hamas’ ability to pursue its goals.¹⁰⁴ In other words, Hamas acknowledged that the assistance that AMP/NSJP and the Associational Defendants knowingly provided to Hamas was substantial in aiding Hamas to continue its acts of international terrorism in pursuit of destroying the State of Israel.

113. With this backdrop, Associational Defendants escalated their conduct, hosting individuals affiliated with sanctioned terrorist groups on campus. On March 24, 2024, CUAD, Within Our Lifetime, and Samidoun (which would be designated an FTO approximately six months later) hosted an event called “Resistance 101.”

114. Though Columbia barred the event from taking place, CUAD and Within Our Lifetime proceeded with it anyway. The speakers included (i) Khaled Bakarar, a PFLP terrorist;¹⁰⁵ (ii) Charlotte Kates, Barakat’s wife and a leader of Samidoun;¹⁰⁶ and (iii) Sean Eren, a member of the NSJP Steering Committee.

115. Eren, speaking on behalf of NSJP, lamented that he and his friends must worry about being jailed if they so much as contact members of Hamas. He explained that the threat of this scenario constantly looms before them.

116. Barakat told the Associational Defendants, that *when he speaks with his “friends and brothers in Hamas, the PIJ, the PFLP” and other terrorist organizations operating in Gaza, he learns that the terrorists care more about the support they receive from American students protesting on their behalf than they do about what the President or Vice President of the United*

States says or does. Barakat told the group, led by Associational Defendants—per his “friends and brothers” in Hamas, the PFLP, and others—that every demonstration American students do matters and that their “work” is more important than ever.

117. Kates explained that it was important for everyone to support Hamas because Hamas terrorists took the necessary actions (*i.e.*, raping, murdering, dismembering, and kidnapping innocent men, women, and children) to liberate Palestine. In the words of Kates, “There is nothing wrong with being a member of Hamas, being a leader of Hamas, being a fighter in Hamas, these are the people that are on the front lines defending Palestine and fighting for its liberation.” Kates encouraged the audience to fight alongside Hamas.

118. Six days later, on March 30, 2024, Barakat gave another interview with Al-Manat TV (Hizbullah-Lebanon) in which he explained that the protesters in the West, with their chants to “Free Palestine from the River to the Sea,” are providing popular, political, and media support for the armed resistance.¹⁰⁷

C. The Gaza Solidarity Encampment

119. Against the backdrop of the severe disruptions describe above, the U.S. House of Representatives subpoenaed Columbia administrators to testify regarding virulent campus antisemitism. The testimony was scheduled for April 17, 2024.

120. On the day of testimony, Associational Defendants launched the so-called “Gaza Solidarity Encampment” (“Encampment”). The Encampment was designed to disrupt campus activities, terrorize Jewish students, prevent Jewish students who refused to disavow Israel from

fully accessing campus, and encourage other AMP/NSJP affiliates to similarly takeover their own campuses and sow chaos in support of Hamas.¹⁰⁸

121. The Encampment was well-supplied with identical tents, toiletries, food, and professional signage. Upon information and belief, and based upon statements made to Plaintiff Shlomi Ziv by his Hamas captor, Hamas and AMP/NSJP provided financial, organizational, and other support to CUAD and the Columbia AMP/NSJP Affiliates for the Encampment.

122. The Encampment was not a spontaneous act of civil disobedience by misguided but well-meaning students. Rather, this was an effort by a FTO to sponsor, plan, and organize and significant disruption of one of America's most important academic centers to support its terrorist aims. The Associational Defendants acted as Hamas' foot soldiers in New York City and on Columbia's campus and enacted Hamas and AMP/NSJP's plan to disrupt Columbia's operations to assist Hamas.

123. Columbia tried to end the Encampment. Khalil acted as the Encampment's lead negotiator.¹⁰⁹

124. On April 18, 2024, Within Our Lifetime directed non-students to descend on the Encampment and show their support. This, ultimately, forced Columbia to ask the New York Police Department to enter campus and clear the Encampment. The NYPD arrested more than 100 pro-Hamas activists.¹¹⁰ Alwan was among those arrested at the Encampment.¹¹¹

125. Meanwhile, Within Our Lifetime continued its regular riots and calls for indiscriminate violence against civilians. One masked Hamas supporter, draped in a Palestinian flag, shouted, “Never forget the 7th of October! Are you ready? 7th of October is about to be every day. Every day. 7th of October is going to be every day for you!”¹¹²

126. The next day, in response to the clearing of the Encampment, NSJP posted:

Our universities have chosen profit and reputation over the lives of the people of Palestine and the will of their students. [Columbia] President Minouche Shafik's cowardly testimony to Congress heralds an unfortunate shift: university administrators have capitulated to the pressure of the Zionist lobby and allied Right Wing, selling out the Student Movement for Palestinian liberation to save face in the eye of the state.

We know, however, that the supposed power of these administrators pales in comparison to the combined strength of the students, staff, and faculty committed to realizing justice and upholding Palestinian liberation on campus. In the footsteps of our comrades at Rutgers-New Brunswick SJP, Tufts SJP, and now Columbia SJP, we call on all SJPs across the nation to take back the university and force the administration to divest for the people of Gaza!

BE READY FOR AN INTERNAL CALL FOR IMMEDIATE NEXT ACTION ITEMS! REPOST ON YOUR SOCIALS TO CIRCULATE THIS NATIONAL CALL TO ACTION.¹¹³

127. The next day, on April 20, 2024, NSJP used the Associational Defendants' actions on Columbia's campus to launch a new project: Popular University for Gaza.

PS WE ARE ALL SJP! PS Our universities have chosen profit and reputation over the lives of the Palestine and our will as students. 128. With NSJP's support, despite the NYPD's intervention, the Encampment continued. Indeed, its extremism escalated. In the days that followed, the Encampment became even more openly affiliated with Hamas and expressly invoked groups such as the "Al-Qassam Brigades," the militant terrorist wing of the Hamas organization. In fact, Encampment comrades

identified Jewish Columbia students as “Al-Qassam’s Next Target.”¹¹⁵ Encampment Leaders stated:

the Al-Aqsa Flood [the October 7 terrorist attack] that put the Global Intifada back on the table again. And it is the sacrificial spirit of the Palestinian Freedom Fights [Hamas] that will guide every struggle on every corner of the earth to victory. . . . Remember that Militancy breeds Resistance. Thousands upon thousands of students around the world have been moved to rebel because of your militancy.¹¹⁶

129. In response to the growing threats to Jewish students on Columbia’s campus, Hillel Rabbi Eli Beuchler, the Director of the Orthodox Union-Jewish Learning Initiative and Columbia and Barnard, issued the following message to students:

What we are witnessing in and around campus is terrible and tragic. The events of the last few days, especially last night, have made it clear that Columbia University’s Public Safety and the NYPD cannot guarantee Jewish students’ safety in the face of extreme antisemitism and anarchy.

It deeply pains me to say that I would strongly recommend you return home as soon as possible and remain home until the reality in and around campus has dramatically improved.

It is not our job as Jews to ensure our own safety on campus. No one should have to endure this level of hatred, let alone at school.

If you need assistance, please reach out to me.

May we see better days on campus soon.

130. Some Jewish students, fearing for their safety, requested permission to attend class remotely.¹¹⁷

131. The Encampment was attended by high-profile guests and characterized by publicity stunts. Senior members of AMP/NSJP, including Osama Abuirshaid, attended the Encampment,¹¹⁸ as did family members and representatives of individuals convicted of provided material support of Hamas-linked FTOs such as Palestinian Islamic Jihad.¹¹⁹ Kiswani celebrated her wedding in the Encampment.¹²⁰

132. On April 29, 2024, Associational Defendants' mob seized Hamilton Hall, an academic building at Columbia University. They barricaded the doors, blocked entrances, smashes windows, zip-tied the doors shut, and even took janitorial staff hostage.¹²¹ Associational Defendants' unlawful trespass and hostage taking prompted the New York City Police Department to sweep the building. NSJP live streamed the Hamilton Hall takeover and subsequent arrests on Instagram. One live stream was captioned, "STUDENT INTIFADA AT COLUMBIA WHERE STUDENTS HAVE OCCUPIED HAMILTON HALL."

133. One hundred and nine individuals were arrested for crimes committed at the encampment ranging from second degree assault, criminal possession of a weapon, burglary, and reckless endangerment.¹²⁶

134. After Columbia ultimately dismantled the Encampment, the Associational Defendants received heaps of praise from FTOs and nation-state proxies including the Islamic Republic of Iran, the PFLP, Al-Qaeda, and Hezbollah issued statements supporting Associational Defendants and student efforts to support their terrorist allies, like Hamas.¹²⁷

135. On May 10, 2024, at an event that including Hamas, PFLP, and PIJ leadership, PFLP Deputy Secretary-General Jamil Mezher praised the “university intifada,” urged its expansion, and called them “a model to be emulated in order to triumph for Palestine and its people.”

136. On May 31, 2024, Hassan Nasrallah, the Secretary General of Hezbollah (an Iranian-funded and supported terrorist organization based in southern Lebanon), echoed the sentiment, recognizing and lauding American students for their membership in the “resistance axis.” On June 11, Hezbollah MP Mohammad Raad, the leader of Hezbollah’s Loyalty to the Resistance parliamentary bloc said that Hezbollah should “invest” in these students.¹²⁸ Columbia SJP later reposted a video of Nasrallah glorifying martyrdom on Telegram, seemingly lamenting Israel’s elimination of an FTO leader.

137. On January 15, 2025, the Resistance News Network shared a Telegram post quoting a speech by Hamas Political Bureau member and head of Hamas in Gaza Dr. Khalil al-Hayya, which stated, “We thank everyone who supported us with words, pens, voices, images, marches, demonstrations” The word “demonstrations” linked to an April 29 Telegram post: “Inspired by the example Columbia University students set with their Gaza Solidarity Encampment beginning April 17, campus organizations across the world have followed suit.”¹²⁹

D. The Associational Defendants’ Post-Encampment Activity

138. Columbia SJP further amplified their efforts and messaging through their association with CUAD.

139. Columbia SJP continued to post pro-Hamas propaganda and repeat Hamas’ rhetoric on its social media.¹³⁰ For instance, on May 27, 2024, Columbia SJP—and SJP leaders at Harvard, Princeton, Yale, and the University of Pennsylvania—released the same message on their respective Instagrams, in both English and Arabic, calling for “an open intifada in every capital and every city.” Columbia SJP’s post has since been deleted. It read:

Escalate disruption and confrontation across historic Palestine, from every checkpoint and street corner to the face of every settler and soldier. Escalate protests to an open intifada in every capital and city in order to deprive the world from[sic] its heavy slumber that comes at the expense of the bodies and remains of those who survive; disrupt all facets of daily life until our people can breathe freely without the taint of the Israeli, American, and European war machine.

140. Columbia SJP uses Telegram as its chief medium to spread Hamas’ message. On or around May 29, 2024, Columbia SJP posted a message on its Telegram group from the Resistance News Network (an FTO-affiliated Telegram chat) which provided a “guide on the different factions

of the Palestinian resistance.” The message continued, “What one must understand is the Palestinian resistance is not isolated to one religion or ideology, nor is it only comprised of the Islamic Resistance Movement Hamas. Educate yourself and render yourself immune to Zionist propaganda.” The message included a graphic describing an array of jihadist factions, including the designated FTO Al-Aqsa Martyrs Brigade, operating within both the West Bank and Gaza.

141. At the end of May 2024, Columbia SJP circulated a message from Resistance Archives, another FTO-affiliated Telegram network, glorifying Hamas terrorists. The post included a propaganda video of Hamas terrorists with the message: “These men will never be defeated.”¹³¹

142. On June 2, 2024, Columbia SJP posted a series of pro-terror messages on its Instagram account—material that has since been deleted. It read:

- a. “WE WILL BE BACK, INSTALLATION 1, COMPLETE”
- b. “WE KNOW THAT OUR MOVEMENT IS NOT CONFINED TO ONE BUILDING OR ONE LAWN, BUT RATHER, WE KNOW THE PEOPLE OF GAZA ARE THE LIFEBLOOD OF OUR STRUGGLE AND *THAT THEY HAVE SPARKED THE STUDENT INTIFADA*”
- c. “*WE RECOMMIT TO CONTINUE STRATEGIC, TARGETED ATTACKS ON ALL ASPECTS OF UNIVERSITY LIFE*”
- d. “WE ASK THAT STUDENTS ACROSS THE GLOBE PLEDGE TO DISRUPT ALL ASPECTS OF UNIVERSITY LIFE”
- e. “AS WE BEGIN OUR SUMMER OF DISRUPTION, WE ASK THAT EVERY STUDENT, AND OUR WIDER COMMUNITY, *DOES THE SAME. USE THIS TIME TO AGITATE, EDUCATE, AND ESCALATE*”
- f. “UNTIL VICTORY AND WITH MORE INSTALLATIONS TO COME, REVOLT FOR RAFAH-LONG LIVE THE STUDENT INTIFADA.”

143. In June 2024, CUAD publicly called on its followers to replicate October 7 on American soil, specifically guiding CUAD members to “look to the tactics” of the “Palestinian resistance for inspired actions,” and instructed them to “rise” “like a flood.”¹³² Indeed, CUAD encouraged its followers to emulate specific historical terrorist acts, including an attempted firebombing of a federal building in Oakland, California done in response to the San Francisco Police Department’s response to an illegal encampment in a federal building. CUAD also referenced the “Week of Action: Operation Campus Flood” at the University of California, Berkeley, where “resistors” had successfully firebombed a UC Berkeley police car, torched a campus building, looted a campus supply building, and set fire to a construction site on campus. Each of these actions was framed by CUAD as part of the inspiration to be drawn from the October 7 attacks, which they had explicitly referenced as a model for their followers to follow.

144. The same day, CUAD posted a video on its Instagram depicting a “press conference” in front of the Manhattan criminal court building. In this video, CUAD leaders request the dismissal of criminal charges against a series of their affiliates who were arrested during the April 2024 Hamilton Hall takeover. About two minutes into the video, the leader of the press conference references terrorists convicted as part of the Holy Land Foundation and asks to “free them all.”¹³³

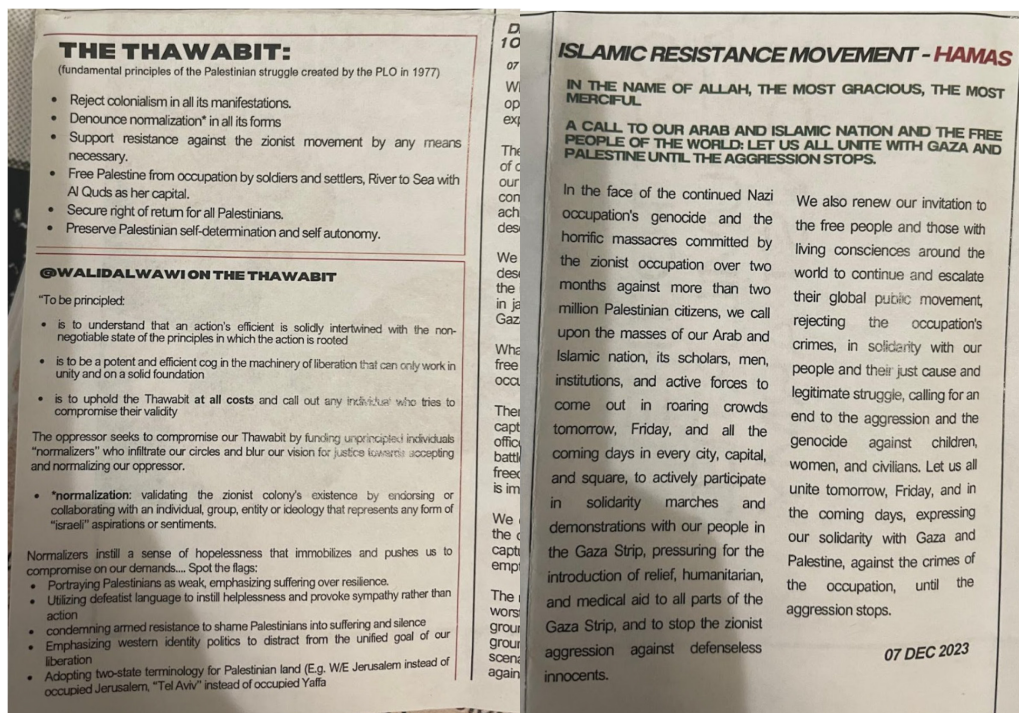

145. On August 8, 2024, CUAD made a public declaration via Instagram in a post that has since been deleted, stating: “We are Westerners fighting for the total eradication of Western Civilization . . . we seek community and instruction from militants in the Global South[.]”

146. Additionally, CUAD declared that those fighting for resistance in America must face extreme consequences—namely, being “killed, jailed, tortured and targeted”—in order to “genuinely threaten the state” as part of the Global Intifada.

147. On September 24, 2024, CUAD hosted a “Study In4Palestine” at Columbia’s Butler Library to demand Columbia’s divestment from Israel. The advertisement for this event was circulated on the Instagram accounts for CUAD and Columbia JVP. The next day, individuals at the Study In4Palestine event distributed terrorist propaganda material, depicted below. The Associational Defendants have repeatedly spread the same pro-Hamas propaganda.

148. The flyers specifically said that: “This booklet is part of a coordinated and intentional effort to uphold the principles of the Thawabit and the Palestinian Resistance movement overall. By transmitting the words of the Resistance [Hamas] directly, this material aims to build popular support for the Palestinian war of national liberation, a war which is waged through armed struggle.” Lest there be any confusion, the booklet included messages from Hamas and PFLP leaders, including a quote from Hamas’ Al-Aqsa Martyrs’ Brigades, stating that “We will emerge upon you from where you least expect it.”

149. On September 29, 2024, two days after the death of Hezbollah leader Hassan Nasrallah, the Columbia SJP Telegram account posted one of Nasrallah’s speeches, and the following caption:

“The resistance is, first and foremost the people. A people who possess faith, willpower, confidence in victory, who love martyrdom, and who reject humiliation and disgrace.” – Sayyed Hassan Nasrallah (1960-2024).

150. On October 7, 2024, CUAD marked the anniversary of the October 7 attacks by distributing a self-published newspaper featuring the headline “One Year Since Al-Aqsa Flood, Revolution Until Victory” above an image of Hamas terrorists breaching the security fence into Israel. The newspaper also included an essay that described the October 7 attacks as a “moral, military and political victory.”

151. That same day, on Columbia SJP’s group chat, they distributed talking points from Ismael Haniyeh, the former chairman of the Hamas Political Bureau. The talking points simultaneously valorized October 7—the massacres of innocents, the rapes, the kidnappings—as a “moral, military, and political victory” and celebrated the so-called “mobilization and unity of the world’s masses.” That is the very service Associational Defendants provide to Hamas.

152. On October 8, 2024, CUAD and Columbia JVP posted, “A Letter from CUAD Leadership to Khymani James and Our Comrades in Solidarity” on a CUAD Instagram account that, on information and belief, is operated by Defendant Khalil. James, a former CUAD spokesperson, had recorded a video stating that “Zionists don’t deserve to live” and that others should “Be grateful that I’m not just going out and murdering Zionists” during a meeting with school disciplinary officials. CUAD first attempted to distance itself from James’ statement, issuing what it describes as an apology on his behalf. But on October 8, 2024, CUAD retracted its apology, stating: “We support liberation by any means necessary, including armed resistance . . . violence is the only path forward . . . Long live Palestine, long live the Intifada, and long live the Resistance.”¹³⁴

153. On November 9, 2024, CUAD and Within Our Lifetime held an exhibition at the Alpha Delta Phi (ADP) Society House titled Hind’s House, in commemoration of the April 2024 Hamilton Hall takeover. Hind’s House was heavily promoted on Instagram by CUAD and Within Our Lifetime. Flyers at the Hind’s House exhibition listed a series of student organizations to “join and follow.” These groups included CUAD, Columbia SJP, and Columbia JVP. Within Our Lifetime-branded merchandise was sold at Hind’s House. Additional flyers present at the exhibition included the same Hamas propaganda distributed during the Study-In4Palestine.

154. Kiswani was a featured speaker at the Hind’s House exhibition. Part of Kiswani’s speech was a performance of Yahya Sinwar’s last will and testament.¹³⁵ Yahya Sinwar was the former Chairman of Hamas’ Political Bureau who was killed in battle by the IDF in October 2024.

155. On November 27, 2024, CUAD published “A Tribute to Yahya Sinwar.” CUAD lionized Sinwar as upholding the “fundamental tenets of the revolutionary lifestyle” and called upon “each” of CUAD’s members to “look to him as a clear illustration of what it means to devote a full lifetime to the intifada.”

a tribute to Yahya Sinwar

"[Israel] can make the decision to assassinate me right now; they can load the aircraft and send it out... *I won't bat an eye.*" - Yahya Sinwar

In footage captured by an IOF drone of Yahya Sinwar's last moments, the resistance leader holds his ground on the second floor of a desecrated building in Rafah, wielding and subsequently throwing, defiantly, a piece of rubble at the Israeli drone pursuing him. With this footage, the IOF has unwittingly delivered into the hands of the resistance a stunning

daughters with occupation army snipers — that the violently imposed facts of Palestinian life remained, so intractably, in place — meant that the intifada would need to escalate into resistance *by any means necessary*. Sinwar's crowning achievement, Al-Aqsa Flood was the very essence of what it is to resist with "with what we have".

Yahya Sinwar was *not afraid to die*. Throughout his time with the resistance, Sinwar consistently upheld martyrdom, discipline, and self-sacrifice as fundamental tenets of the revolutionary lifestyle. Now that he has ascended, he, like Ibrahim in *The Thorn and the Carnation*, has gifted us with an entire *lifetime* of resistance. Though he was of course committed to the collective liberation that undergirds the Palestinian struggle, he also understood, beautifully, the role that the individual must play in that liberation. As members of the collective pursuit of Palestinian freedom, each of us should look to him as a clear illustration of what it means to devote a full lifetime to the intifada. Yahya Sinwar became the 'self-made individual' that he wrote about. It's now the time for us to reflect on how

156. In January 2025, CUAD posted a video and a series of photos on Instagram depicting Columbia University property defaced with the following graffiti: “Gaza,” “Press your ears to the ground,” “The whole world fights for justice,” “Gaza rises, Columbia falls,” “Long Live Hind,” and “Fuck Columbia.” In the caption, CUAD wrote:

WE FIGHT UNTIL WE WIN. UNTIL PALESTINE IS FREE. CLASS IS BACK IN SESSION. GOOD LUCK COLUMBIA UNIVERSITY. ✨ ✨ ✨ WALKOUT AND RALLY TODAY AT 1PM. THERE ARE NO UNIVERSITIES LEFT IN GAZA. 400,000+ PALESTINIANS MARTYRED. CEASEFIRE IS NOT ENOUGH. LAND BACK, NOTHING LESS THAN LIBERATION.¹³⁶

158. More than 15 months after October 7, and with the backdrop of the most expansive war against Israel and the Jewish people since the Holocaust, CUAD has become one of the loudest and most prolific disseminators of Hamas propaganda on college campuses in 2025.

159. On Friday, January 17, 2025, Hamas posted to Telegram a calling to “free peoples around the world to continue activities in support of our people, denouncing these massacres and Zionist terrorism, and pressuring the occupation by all means to stop its aggression against our people in Gaza, Al-Quds and the West Bank.”¹³⁷

160. Four days later, CUAD stormed into a class on the “History of Modern Israel” with the express intent on preventing the course from proceeding. CUAD—masked to hide their identities—screamed “Burn Zionism to the Ground!” and “Crush Zionism!” all for the express

¹³⁷ Ex. 3.

purpose of preventing a course from being taught at Columbia that might espouse a perspective antithetical to the pro-Hamas narrative that they enforce on Columbia's campus.¹³⁸

161. In official statements on social media, CUAD took credit for organizing the disruption and celebrated it as a model for others to follow. CUAD boasted, "We disrupted a Zionist class, and you should too," encouraging more students to copy their tactic.¹³⁹

162. CUAD further declared that "History of Modern Israel isn't the only Columbia class training future foot soldiers and managers of genocide. We have an even greater duty to disrupt them all. . . . Zionist classes should not exist without disruption. It is our duty to disrupt."¹⁴⁰

163. On February 12, 2025, the Resistance News Network posted on Telegram: "We, in the Islamic Resistance Movement (Hamas), call on the masses of our people, our Arab and Islamic nations, and the free people of the world to participate in massive rallies and solidarity events in all cities and squares around the world."¹⁴¹ The same day, CUAD posted another call to action: "all out to low steps! For political education & a rally!" "Gaza will resist" "Gaza will rebuild."

164. On February 26, 2025, CUAD and Columbia SJP incited a mob and stormed and occupied Milbank Hall on Barnard College's campus. The mob illegally occupied the building for several hours.

165. CUAD's and Columbia SJP's mob quickly turned violent when a group of masked rioters assaulted a Barnard College staff member. The staff member was hospitalized.¹⁴²

On March 3, 2025, the Resistance News Network Telegram channel called on its followers to “pressure the occupation, hold it accountable for its crimes against our people, and stand in solidarity with our prisoners as they face dire conditions.”¹⁴³ Hamas put out a similar call to action the next day.¹⁴⁴

167. One day after that, on March 5, 2025, CUAD forwarded a post to its telegram channel from Within Our Lifetime, which stated, “All Out to Columbia Now[.]”¹⁴⁵ That telegram post instructed students to demand “justice for Dr. Hussam Abu Safiya,”¹⁴⁶ who had been arrested during a military operation for his affiliation with Hamas, and led to the storming of Barnard College’s Milstein Library discussed below.¹⁴⁷

168. On March 5, 2025, CUAD organized a mob that stormed and occupied Barnard College’s Milstein Library.¹⁴⁸ Again, Khalil served as the primary spokesperson and negotiator for CUAD’s mob.¹⁴⁹ However, at this point, Khalil had completed his coursework.¹⁵⁰

174. The IRGC Memo leaked on April 15, 2024, the day of the planned blockade.

175. Before the leak, Hamas and the IRGC’s subordinates received their marching orders and were prepared to carry out the IRGC’s intended attack on American critical infrastructure, economic hubs, and academic centers.

Beginning in March 2024, a previously non-existent organization, A15 Action, created a social media account and purchased a series of websites, including www.a15action.com (“A15 Website”) and www.strike4gaza.org (“Strike4Gaza Website”). Through these channels, A15 Action coordinated an economic blockade on April 15, 2024,¹⁵⁵ directly following their orders from the IRGC. There is no real organization named “A15 Action.” It is simply a pseudonym for a group of organizations responsible for planning the April 15th Blockade. On the Strike4Gaza Website, these organizations admit that the coordinated economic blockade was “Organized By” a group of very familiar names, including AMP, NSJP, and Within Our Lifetime:

177. Within Our Lifetime was perhaps the most aggressive of these organizations. On its own webpage for the Strike4Gaza, Within Our Lifetime called for a “blockade” of the “global

economy” intended to “block[] the arteries of capitalism and jam[] the wheels of product” to support Hamas.¹⁵⁶ Within Our Lifetime specifically called on its supporters to “flood Wall Street for Gaza” to “hurt the bottom line of these war profiteers and send a message that they will not get away with committing a genocide.”¹⁵⁷ Within Our Lifetime created its own marketing materials for the Strike4Gaza:

WALL STREET. TAKE ACTION ALL DAY. MARCH @ 2 PM.

178. On April 15, 2024, “Strike4Gaza” protests erupted across the world, just as the IRGC ordered. In America, Associational Defendants and the IRGC’s other allies and affiliates

across the country attacked major economic and infrastructure centers such as the Golden Gate Bridge, Brooklyn Bridge, Chicago-O’Hare Airport and—at Within Our Lifetime’s direction—the New York Stock Exchange.

179. This was planned and coordinated as part of a specific, direct response to orders from the IRGC Memo which, again, was not yet public. Within Our Lifetime engaged in the Strike4Gaza on direct orders from the IRGC Memo for the sole and specific purpose of providing knowing and substantial support to Hamas, the IRGC’s puppet.

B. June 10, 2024, Day of Rage

180. Within Our Lifetime planned and hosted a “Day of Rage” specifically designed to harass and disrupt and exhibit in New York honoring the murdered victims of Nova Music Festival (“Nova Exhibit”). Numerous New York-based AMP/NSJP affiliates attended Within Our Lifetime’s Day of Rage.¹⁵⁸ The Day of Rage—as one might expect—quickly descended into terroristic threats of violence, particularly against Jews. Almost immediately, Within Our Lifetime’s mob took over subway trains and began threatening people, demanding that “Zionists” identify themselves and threateningly suggested they should “get out.”¹⁵⁹

181. Outside the Nova Exhibit, Within Our Lifetime’s rioters lit and shot flares, waved Hezbollah and Hamas Al-Qassam Brigade flags, and shouted slogans such as Long live October 7,” “Long live the intifada,” and “The Zionists are not Jews and not humans.”¹⁶⁰

VIII. THE ASSOCIATIONAL DEFENDANTS' ACTIONS ARE NOT PROTECTED SPEECH

183. This case is not about individuals and organizations independently exercising their free speech rights to support whatever cause they wish—no matter how abhorrent.

184. Rather, it is about organizations and their leaders knowingly providing substantial assistance—in the form of propaganda and recruiting services—to, and in coordination with, a designated foreign terrorist organization, Hamas. This substantial assistance is valuable to Hamas and instrumental to its ability to engage in October 7 and its subsequent and ongoing acts of international terrorism.

185. It would be illegal for Hamas to directly retain a public relations firm in the United States or hire enforcers to impose their will on American cities. Yet those are precisely the services that the Associational Defendants knowingly provide to Hamas. Indeed, in many instances, they do so in direct coordination with Hamas itself and/or with AMP/NSJP.

186. In short, Hamas relies on its propagandists around the world to do its bidding, spreading its falsehoods about Israel and the Jews far and wide, and to instigate a culture of violence and fear to sway global institutions to behave in Hamas' favor. Global propaganda, particularly directed at the West and the United States, is not just one small part of Hamas' broader strategy: *it is Hamas' grand strategy*. Sadly, Hamas' foot soldiers in New York City and on Columbia's campus have become so emboldened that they no longer feel the need to hide and are comfortable committing unlawful acts like taking over buildings.

COUNT I

Violation of the Antiterrorism Act, 18 U.S.C. § 2333(d)

(by Iris Weinstein Haggai, John Doe, Richard Roe, and Jane Moe against all Defendants)

187. Plaintiffs Iris Weinstein Haggai, on her own behalf on behalf of Judy Lynne Weinstein and Gad Haggai, John Doe, Richard Roe, and Jane Moe (“U.S. Plaintiffs”) reallege and reincorporate all the foregoing allegations as though fully set out herein.

188. Under the ATA, “[a]ny national of the United States injured in his or her person, property, or business by reason of an act of international terrorism, or his or her estate, survivors, or heirs, may sue therefor in any appropriate district court of the United States and shall recover threefold the damages he or she sustains and the cost of the suit, including attorney’s fees.” 18 U.S.C. § 2333(a).

189. ATA “liability may be asserted as to any person who aids and abets, by knowingly providing substantial assistance, or who conspires with the person who committed such an act of international terrorism.” *Id.* § 2333(d)(2).

190. Hamas committed, planned, or authorized numerous acts of international terrorism, including:

- a. The October 7 attack;
- b. The holding of hostages in Gaza;
- c. The theft and withholding of the bodies of the deceased;
- d. Rocket attacks against civilians; and
- e. Attacks on Israeli soldiers.

191. Hamas is a United States designated FTO and was so as of the date these acts were committed.

192. U.S. Plaintiffs and their decedents have been injured in their persons, property, and/or business because of the foregoing acts of international terrorism, which are ongoing and continue through the day of this filing.

193. Associational Defendants are properly sued through their appropriate representatives.

194. Through the Associational Defendants' provision of the propaganda and recruiting services alleged above, the Associational Defendants have aided and abetted, by providing knowing and substantial assistance, the foregoing and ongoing acts of international terrorism.

195. Associational Defendants so pervasively and systemically assisted Hamas as to render them liable for every Hamas terror attack and action.

196. On information and belief, Associational Defendants' members, both explicitly and implicitly through their actions and inactions, authorized or ratified all the conduct described.

197. Accordingly, Associational Defendants are liable to U.S. Plaintiffs under the Antiterrorism Act.

COUNT II
Violation of the Law of Nations, 28 U.S.C. § 1350
(by Shlomi Ziv, Ayelet Samerano, Talik Gvili, Roe Baruch, and James Poe
against all Defendants)

198. Plaintiffs Shlomi Ziv, Ayelet Samerano, on her own behalf and on behalf of Yonatan Samerano, Talik Gvili, on her own behalf and on behalf of Ran Gvili, Roe Baruch, on his own behalf and on behalf of Uriel Baruch, and James Poe, on his own behalf and on behalf of Leo Poe ("Israeli Plaintiffs"), reallege and reincorporate all the foregoing allegations as though fully set out herein.

199. The Alien Tort Statute grants federal district courts with “original jurisdiction of any civil action by an alien for a tort only, committed in violation of the law of nations or a treaty of the United States.” 28 U.S.C. § 1350.

200. Israeli Plaintiffs are Israeli citizens and are therefore aliens under the Alien Tort Statute.

201. The “law of nations,” or international law, universally prohibits acts of terrorism such as those Hamas perpetrated on and after October 7, including kidnapping and imprisoning civilian hostages, attacking civilian populations, and holding human remains to use as bargaining chips. For example, since the Nuremberg trials and the aftermath of World War II, it has been universally recognized that it is unacceptable to murder, rape, torture, imprison, deport, enslave, or exterminate a civilian population.¹⁶⁴ The Nuremberg trials also recognized that persecution based on political, racial or religious reasons violated international law.¹⁶⁵

202. Additionally, the Rome Statute of the International Criminal Court (“Rome Statute”), an international treaty adopted in 1998 and signed by 123 countries, prohibits certain crimes against humanity that are committed against a civilian population in a systematic way, including murder, extermination, enslavement, deportation or forcible transfer of population, torture, rape, and persecution against an identifiable group.¹⁶⁶

203. Article 34 of the Fourth Geneva Convention prohibits the taking of hostages.¹⁶⁷ Additionally, the Rome Statute states that the taking of hostages is a war crime.¹⁶⁸

204. International law likewise universally prohibits the material support of terrorism. Article 2.1(b) of the International Convention for the Suppression of the Financing of Terrorism prohibits any person from “by any means, directly or indirectly, unlawfully and willfully, provid[ing] or collect[ing] funds with the intention that they should be used or in the knowledge that they are to be used, in full or in part, in order to carry out” any “act intended to cause death or serious bodily injury to a civilian . . . when the purpose of such act, by its nature or context, is to intimidate a population, or to compel a government or an international organization to do or to abstain from doing any act.”¹⁶⁹ Over 130 countries, including the United States, have signed this Convention.

205. “[A] defendant may be held liable under international law for aiding and abetting the violation of that law by another when the defendant (1) provides practical assistance to the principal which has a substantial effect on the perpetration of the crime, and (2) does so with the purpose of facilitating the commission of that crime.” *Presbyterian Church of Sudan v. Talisman Energy, Inc.*, 582 F.3d 244, 259 (2d Cir. 2009) (internal quotation marks omitted).

206. Associational Defendants are properly sued through their appropriate representatives.

207. Associational Defendants provide practical assistance to Hamas that has substantially affected Hamas’ ability to carry out the acts of international terrorism that have injured the Israeli Plaintiffs.

208. Both before and after October 7, Associational Defendants intentionally instigated a mass culture of fear, threats, violence, and overt hatred on Columbia’s campus to intimidate

¹⁶⁹ International Convention for the Suppression of the Financing of Terrorism art. 2.1(b), Dec. 9, 1999, 2178 U.N.T.S. 197, available at https://treaties.un.org/pages/ViewDetails.aspx?src=TREATY&mtdsg_no=XVIII-11&chapter=18&clang=en.

Columbia and educational institutions across the United States and bend them to Hamas' will. Associational Defendants have spent the year and a half since Hamas' October 7 attack organizing, managing, controlling, and intentionally inciting riots and acts of domestic terrorism as part of their substantial assistance to Hamas.

209. Associational Defendants have provided this practical assistance with the purpose of facilitating Hamas' acts of international terrorism.

210. Indeed, Associational Defendants have publicly identified themselves as "PART of" Hamas' "Unity Intifada" and stated their desire to "bring [Hamas'] war home."

211. By providing this practical assistance to Hamas with the purpose of facilitating Hamas' acts of international terrorism, Associational Defendants aided and abetted Hamas' acts of terrorism, before, during, and after October 7, including Hamas' efforts to demonize Israel and exploit the international community's response to the war in Gaza to sway public opinion in its favor, in violation of international law.

212. Additionally, by providing this support, Associational Defendants have materially supported Hamas, a designated foreign terrorist organization, in violation of international law.

213. On information and belief, Associational Defendants' members, both explicitly and implicitly through their actions and inactions, authorized or ratified all the conduct described.

214. As a result of Defendants' aiding, abetting, and materially supporting Hamas, Israeli Plaintiffs and their decedents suffered injuries to their persons and property.

PRAYER FOR RELIEF

WHEREFORE, the Plaintiffs demand:

- i. Judgment against Defendants, individually and as representatives of Associational Defendants, for violating the Antiterrorism Act and the law of nations;
- ii. Compensatory damages for each Plaintiff in amounts to be determined at trial;
- iii. As to U.S. Plaintiffs, treble damages as authorized by 18 U.S.C. § 2333(a);
- iv. Punitive damages in an amount sufficient to punish Defendants, individually and as representatives of Associational Defendants, and to deter similar conduct in the future;
- v. Pre- and post-judgment interest where applicable in favor of Plaintiffs;
- vi. Costs, expenses, and attorney's fees as permitted by law or equity; and
- vii. Any such further relief as this Court deems appropriate or as justice requires.

DAY OF RESISTANCE TOOLKIT

INTRODUCTION

National Students for Justice in Palestine is calling for a **national day of resistance** on college campuses across occupied Turtle Island and internationally this **Thursday, October 12th, 2023**

On the 50th anniversary of the 1973 war, the resistance in Gaza launched a surprise operation against the Zionist enemy which disrupted the very foundation of Zionist settler society. On the morning of October 8th, the Palestinian resistance stormed the illegitimate border fence, gaining control of the Gaza checkpoint at Erez, and re-entering 1948 Palestine. Referred to as Operation *Towfan Al-Aqsa* (Al-Aqsa Flood), the resistance has taken occupation soldiers hostage, fired thousands of rockets, taken over Israeli military vehicles, and gained control over illegal Israeli settlements. In the West Bank, the Palestinian resistance has called for collective action by the Palestinian masses amidst attempts by the Zionist entity to lock-up the West Bank. The Palestinian resistance has called for mass protests in every Palestinian city, and Palestinian workers have called for a general strike. In Gaza, Israel has launched an onslaught of airstrikes. As of Sunday, Oct 8th at 12pm ET, Israel has murdered 320 Palestinians and left over 2200 others injured. Despite this, our people choose resistance over negotiated cages on our homeland. Fearlessly, our people struggle for complete liberation and return.

Today, we witness a historic win for the Palestinian resistance: across land, air, and sea, our people have broken down the artificial barriers of the Zionist entity, taking with it the facade of an impenetrable settler colony and reminding each of us that total return and liberation to Palestine is near. As the Palestinian student movement, we have an unshakable responsibility to join the call for mass mobilization.

National liberation is near— glory to our resistance, to our martyrs, and to our steadfast people.

JOIN THE DAY OF RESISTANCE NATIONAL CALL-IN MEETING

- On Monday, October 9th @ 5:00 PT/ 7:00 CT/ 8:00 ET, we will be hosting a national call-in meeting to meet with chapters, talk through the political significance of this moment, talk through how-to's for the protest day of action and troubleshoot any support needed. Please RSVP here: <https://forms.gle/AbK7RmidTRPYVcAfA>

CALL TO ACTION: NATIONAL DAY OF RESISTANCE

- On Thursday, October 12th, National Students for Justice in Palestine is calling for a national day of resistance from the student movement for Palestine liberation on college campuses across occupied Turtle Island (so-called US and Canada) and beyond. We must continue to resist directly through dismantling Zionism, and wielding the political power that our organizations hold on our campuses and in our communities. We are asking chapters to host demonstrations on campus/in their

community in support of our resistance in Palestine and the national liberation struggle — one which they play a critical role in actualizing.

- Please fill out this brief form to let us know what events you will be hosting! These will be posted and publicized on our social media – filling out this form will help us better coordinate and unify nationally as a student movement
<https://forms.gle/H7uqKuVL22AAtzUZA>
- Please upload any pictures or videos that you are comfortable with us sharing here!
https://drive.google.com/drive/folders/1r4_5Ugt9eocMgvqm2J7EXlxRGTyovXBJ

We will also be having a “how to organize a protest,” including roles, security, media training, and more, on the National Call-in meeting on Monday, Oct 9th at 8pm ET. The presentation + resources shared will be added to the tool-kit following the presentation. If you need additional help organizing or planning your protest, please reach out to [National Students for Justice in Palestine](#). (RSVP link above).

If a protest is not possible, engagement across the movement — whether it be a sit-in, disruption, or educational event — is highly encouraged!

Other ways to participate

1. Table/Flyer on campus
 - a. Challenging Zionist hegemony and popularizing our resistance is a critical part of advancing our national movement! Print flyers to put up around your campus. We encourage you to use any of the graphics linked in this toolkit. [Here](#) is a Tabling 101, and for examples of tabling materials, click [here](#) and [here](#). For some tips on how to table and how to respond to common Zionist arguments, click [here](#)
2. Teach-ins
 - a. Make sure people on your campus know what's happening in Palestine, and are armed with a framework which advances national liberation– host a teach-in on your campus! We will include a teach-in during the National Call-in meeting – please attend for inspiration. We will also be linking the presentation in the toolkit following the call-in meeting.
3. Sign onto statement from Bears for Palestine
 - a. We welcome both individual and organizational endorsements onto this statement by Berkeley Bears for Palestine in unwavering support of the Palestinian resistance
 - b. [Towfan Al-Aqsa Statement](#) – Bears for Palestine
4. Write a local statement of solidarity
 - a. Statements of support show a cohesive and united movement. Work with other organizations on your campus to put out a joint statement expressing your campus' support for Palestine.
5. Share within your network/region:
 - a. If you're near other SJPs, let them know what you're planning! If you're in close geographic proximity to one another, you may be able to plan a joint action.
6. Help spread the word by sharing widely on your campuses and in your communities
 - a. Contact student organizations across movements to share your action on social media. Engage your community, and let everyone know that the student movement on occupied Turtle Island stands firmly in support of Palestinian resistance.

MESSAGING & FRAMING

For over 75 years, our Palestinian people, through steadfast resistance, have waged a prolonged war for liberation and return to our colonized homeland. What we are witnessing now is a heightened stage of the Palestinian struggle—through tearing down colonial infrastructure and liberating our colonized land from illegal settlements and military checkpoints, our people are actualizing revolution. Palestine will be liberated from the river to the sea, and our resistance, through their bravery and love for land, continue to bring dignity and honor to the Palestinian people. As the diaspora-based student movement for Palestine liberation, our responsibility is to not only support, but struggle alongside our people back home. The forces of Zionism engage in media campaigns which attack our people and resistance from all sides— it is our responsibility, therefore, to break through their hegemonic narratives of “war” and “unprovoked aggression,” and instead ground our campuses and communities in a narrative which centers the legitimacy of resistance and the necessity of complete liberation. Please find below a breakdown of framework and important messaging which help contextualize, frame, and above all normalize and support our fearless resistance.

- **When people are occupied, resistance is justified — normalize the resistance.**
 - ◆ *The Palestinian people have the right to resist colonization and oppression.* The Palestinian people have the right to return to their homeland and free themselves from the complete land, air, and sea siege they've been subjected to; this requires resistance, and it is both morally just and politically necessary. These events are the natural and justified response to decades of oppression and dehumanization.
 - ◆ The fight for Palestinian liberation is a necessary struggle against an occupying and colonial state; not a “war” or “conflict.” It is a **struggle for national liberation.**
 - ◆ In the eyes of the West, there is no “right” way for Palestinians to fight for their freedom. Every tactic is met with repression.
 - ◆ The occupation, the day to day and the existence of Israel is not peaceful; there is no ‘maintaining the peace’ with a violent settler state.
 - ◆ Settlers are not “civilians” in the sense of international law, because they are military assets used to ensure continued control over stolen Palestinian land.
 - ◆ Responsibility for every single death falls solely on the Zionist entity. They do not care one bit for the Geneva Conventions but demand Palestinians follow them to the letter.
- **Gaza as the cradle of resistance**
 - ◆ *Gaza broke out of prison.* Resistance fighters captured one of the bulldozers used to destroy Palestinian homes, and used it to breach the illegitimate border fence back into '48 Palestine.
 - ◆ Gaza is being subject to collective punishment because the occupation knows liberation is inevitable.

- ◆ Zionists are telling Gazans to leave while also denying them freedom of movement—this is a call for genocide of Palestinians.
 - “I say to the residents of Gaza: Leave now because we will operate forcefully everywhere.”--Netanyahu
- ◆ This is not “unprovoked”. Apartheid, ethnic cleansing, indiscriminate bombing, arbitrary detention, destruction of infrastructure, 75 years of settler colonialism are provocations.
- **Liberation is material**
 - ◆ *Liberation is not an abstract concept.* It is not a moment circumscribed to a revolutionary past as it is often characterized. Rather, liberating colonized land is a real process that requires confrontation by any means necessary. In essence, decolonization is a call to action, a commitment to the restoration of Indigenous sovereignty. It calls upon us to engage in meaningful actions that go beyond symbolism and rhetoric. Resistance comes in all forms— armed struggle, general strikes, and popular demonstrations. All of it is legitimate, and all of it is necessary.
 - ◆ “You don’t get freedom peacefully. Freedom is never safeguarded peacefully. Anyone who is depriving you of freedom isn’t deserving of a peaceful approach by the ones who are deprived of their freedom.”-Malcolm X
- **israel is fragile**
 - ◆ This action of resistance shatters the illusion of Israel as an impenetrable, indestructible entity. The Zionist entity is fragile, and Palestinian resistance is alive. The IOF are still in disarray and the resistance fighters are still launching new attacks into 48.
 - ◆ The Zionist entity built a massive technological barrier to imprison Gaza that the resistance neutralized in hours. They massively underestimated the ingenuity of the resistance, and will continue to do so.
 - ◆ Settlers are already fleeing the land, their ‘dedication’ to the settler colony is easily broken. The dedication of Palestinians for their national liberation is unshakable.
 - ◆ *From Rhodesia to South Africa to Algeria, no settler colony can hold out forever.*
- **Unity Intifada**
 - ◆ The revolution is being waged across historic Palestine— not just cross-factional, but unifying our people in the name of resistance
 - ◆ All Palestinian factions in Gaza appear to be participating under unified command.
 - ◆ *This is the first time since 1949 that a large-scale battle has been fought within 48 Palestine.*
- **We as Palestinian students in exile are PART of this movement, not in solidarity with this movement.**
 - ◆ *This is a moment of mobilization for all Palestinians. We must act as part of this movement. All of our efforts continue the work and resistance of Palestinians on the ground.*

Our support extends to those living under occupation and siege, Palestinian citizens of Israel, and the 7 million Palestinian refugees exiled in Jordan, Lebanon, Syria and Palestine. A refugee's right to return to their homeland is the most important aspect of justice for Palestinians everywhere. We as students possess an obligation to support the liberation movement and embody a solidarity that transcends theory and is grounded in practice. Whereas “the truth is that we are not yet free; we have merely achieved the freedom to be free, the right not to be oppressed.” - Steve Biko

The occupation and colonization is ongoing, and thus our people's freedom will not be attainable without revolution. We will continue to advocate for a free and liberated Palestine.

We support the resistance, we support the liberation movement, and we indisputably support the Uprising.

Gaza is the cradle of our resistance and the lifeblood of our struggle. We echo the call to action for all Arabs and Palestinians in the diaspora to rise up to support the liberation of our occupied peoples. From the River to the Sea, we will continue to support resistance until we are able to return home to a unified Palestine. Glory to Palestine, glory to the resistance, and glory to our martyrs.

Until Return and Liberation,

The Al-Aqsa Flood battle is the battle of the Palestinian people and all the resistance forces.

In light of the heroic scenes drawn by the heroes of resistance on our occupied lands, and the moments of pride and dignity they inaugurate, and the heroic epic they are waging, we, in the Martyr Abu Ali Mustafa Brigades, affirm the following:

1. This heroic battle marks the beginning of the defeat of this enemy and its departure from our land and will not be erased from the consciousness and sentiment of the Arab nation.
2. We declare a state of maximum alert among our fighters, and we work on the ground in several axes alongside our **comrades** in blood and arms.
3. We stand with our brothers in the Al-Qassam Brigades and with all the resistance forces, and we merge with them in this battle that will be recorded in history.
4. We call on all resistance forces inside and outside Palestine to take their positions in the confrontation trench that now extends throughout the region.

Glory to the martyrs and victory to the resistance.
What is coming is greater.

The National Resistance Brigades (Martyr Omar Al-Qasim Forces),

We also recall the brothers in Yemen, Ansar Allah—the brothers of sincerity—who overcame geographic distance, altered the equation of war and the region, launched missiles and drones at the heart of the occupation, and besieged it in the Red Sea.

We also remember the efforts of the brothers in the Islamic Republic of Iran, who [supported our resistance](#) and [our people](#), engaged in the battle, and struck at the heart of the entity in the two operations, [The True Promise 1](#) and [The True Promise 2](#). Additionally, we recall the Iraqi resistance, which [broke through all barriers](#) to contribute to supporting Palestine and its resistance, with their missiles and drones reaching our occupied lands.

We salute our people and the revolutionary youth in the West Bank, especially in the [heroic Jenin camp](#), in Al-Quds, in the occupied interior, and our people in exile and diaspora, as well as our Arab and Islamic nations.

We express our deep gratitude and appreciation to the mediators who exerted tireless efforts and engaged in multiple rounds of negotiations from day one to reach a ceasefire and end the genocide against our people. In particular, we thank our brothers in the State of Qatar and the Arab Republic of Egypt.

We also recall the illuminating stances of many countries that stood with us across various fields: our brothers in Turkey, [South Africa](#), Algeria, Russia, [China](#), Malaysia, Indonesia, [Belgium](#), [Spain](#), and [Ireland](#), as well as the free people of the world.

We thank [everyone](#) who supported us with [words](#), [pens](#), [voices](#), [images](#), [marches](#), [demonstrations](#), the weapon of [boycotts](#), political and [diplomatic efforts](#), [legal action](#), and by raising their [voices](#) against aggression and oppression in the [region](#) and the [world](#). These [free voices](#) broke the [conspiracy of silence](#), exposed the occupation's crimes against humanity in Gaza, and recognized the truth of the situation.

We now face a new phase in our steadfast Gaza: the phase of building, consoling, removing the traces of aggression, and reconstruction. It is a phase of solidarity and compassion, where we reaffirm to the world that we are a free people who build rather than destroy, and reconstruct what the occupation ruins.

To our people in Gaza, as you were steadfast in war, so will you be steadfast after the war, as we have always known you. We are now in the phase of mercy, where we must show compassion to one another and stand united. The suffering and pain we endured were immense, but the greatness of this people is greater, and their values are even higher.

With Allah's help first, and then with the support of our brothers, friends, and sympathizers, we are capable of rebuilding Gaza, alleviating the pain, healing the wounds, comforting the orphans, drying the tears of the afflicted, and restoring smiles to the faces from which war stole joy. As for our heroic prisoners, they are on the brink of the dawn of freedom, by Allah's will.

In the name of Allah, the Most Gracious, the Most Merciful.

The enemy's continued perpetration of horrific massacres in Gaza, and its deliberate intensification of them after the ceasefire agreement, confirms its terrorist approach and thirst for bloodshed.

In light of the horrific massacres that the criminal enemy continues to commit in various parts of the Gaza Strip, and its deliberate intensification of them after the ceasefire was announced, which led to the martyrdom of more than a hundred martyrs, including the death of entire families through the bombing of homes, tents and gatherings of citizens, the occupation confirms its terrorist and fascist approach and its thirst to continue shedding blood and committing these massacres that are added to the long series of massacres against our people.

The criminal occupation is deliberately committing these massacres in its quest to thwart the ceasefire agreement, which places the mediators at their responsibilities by pressuring the war criminal Netanyahu and his extremist fascist government to stop these massacres.

We demand that the international community, the United Nations and all concerned parties take urgent and immediate action to stop this zionist terrorism.

We call on international human rights institutions to document these unprecedented massacres in our contemporary history, in preparation for holding this criminal entity and its terrorist leaders accountable before the competent international courts.

We call on free peoples around the world to continue activities in support of our people, denouncing these massacres and zionist terrorism, and pressuring the occupation by all means to stop its aggression against our people in Gaza, Al-Quds and the West Bank.

We, in the Islamic Resistance Movement (Hamas), [call on the masses of our people, our Arab and Islamic nations, and the free people of the world](#) to participate in massive rallies and solidarity events in all cities and squares around the world, rejecting and condemning the plans to displace our Palestinian people from their land, and supporting and affirming their inherent and legitimate rights to defend their land, especially their right to freedom and independence, self-determination, and the removal of the occupation.

We value and praise all the global positions that support and stand in solidarity with our people in Gaza, call for stopping the aggression against them, and ending the occupation of their land. Let the upcoming Friday, Saturday, and Sunday be a global movement, where stances are mobilized, and voices are raised loudly against the plans for forced displacement and deportation, which the occupation and its supporters advocate for.

We warn the criminal occupation against continuing its horrific crimes against our prisoners in its jails.

The occupation's crimes against our brave prisoners continue to escalate, the latest of which was the [martyrdom](#) of administrative detainee Khaled Mahmoud Qassem Abdullah (40 years old) from Jenin Camp, in Megiddo Prison.

The martyrdom of prisoner Khaled Abdullah, who had been administratively detained since November 9, 2023, and the torture and mistreatment he endured during his detention, prove the brutality of the occupation in its treatment of our prisoners, depriving them of even the most basic human rights. The ongoing policy of medical neglect which means slow execution of prisoners inside the occupation's prisons.

We warn against the continuation of this criminal policy pursued by the occupation against prisoners. We renew our call to all free people of the world, as well as human rights and legal institutions, to pressure the occupation, hold it accountable for its crimes against our people, and stand in solidarity with our prisoners as they face dire conditions.

The summit's call for the implementation of the ceasefire agreement in Gaza as signed represents political support for the Palestinian people and pressure on the entity to prevent it from altering or obstructing the agreement.

We emphasize the necessity of obliging the criminal enemy to respect its commitments within the ceasefire agreement. We call for unified and practical Arab steps to force its implementation, pressure for the entry of aid, relief, and shelter, and proceed with the negotiations of the second phase to move forward with the agreement's implementation.

The summit's call for the boycott of the entity economically and politically represents a highly effective strategic path that increases the entity's isolation and forces it to comply with international and humanitarian law.

In light of the escalating Zionist campaign targeting and Judaizing Al-Aqsa Mosque, the increasing settler incursions, and the performance of their Talmudic rituals in its courtyards, we call on Arab leaders to take decisive positions in confronting the occupation's violations and to reaffirm that Al-Aqsa Mosque, the first Qibla of Muslims, is a red line and that any harm to it will anger all Muslims around the world.

We in Hamas welcome what was stated in the summit's declaration regarding the building of Palestinian national institutions that express the aspirations of our people for freedom and independence through the holding of legislative and presidential elections as soon as possible.

We call on our Arab nations to continue supporting the steadfastness of our Palestinian people in confronting the criminal enemy and resisting its expansionist ambitions and plans for hegemony at the expense of Palestine, the countries of the region, and all its peoples.

We will remain loyal to our national cause and to the rights of our Palestinian people until the establishment of the Palestinian state with Al-Quds as its capital, by the will of Allah.

In the name of Allah, the Most Gracious, the Most Merciful.

We in the Islamic Resistance Movement (Hamas) welcome the convening of the extraordinary Arab summit in Cairo to discuss the dangers facing our Palestinian cause, in light of the ongoing Zionist aggression and the plans of genocide and displacement that our people in Gaza, the West Bank, and Al-Quds are facing.

The convening of the Arab summit today inaugurates an advanced stage of Arab and Islamic alignment with the just Palestinian cause.

We appreciate the words of the leaders and rulers at the extraordinary Arab summit in Cairo, all of which affirmed the rejection of the occupation's plans to displace our people, the rejection of annexation and resettlement projects, and the support for our people's legitimate rights to freedom and self-determination.

We value the Arab stance rejecting attempts to displace our people or erase their national cause under any pretext or cover, and we consider it an honorable stance and a historical message that the Palestinian Nakba will not be repeated. We affirm that our people, supported by a unified Arab position, are capable of thwarting these attempts and conspiracies.

We welcome the plan for the reconstruction of Gaza, which was adopted by the Arab summit in its final statement, and we call for the provision of all necessary elements for its success. We also appreciate Egypt's efforts in preparing for an international conference for the reconstruction of Gaza.

We have repeatedly affirmed our commitment to what serves the interest of our Palestinian people in removing the effects of aggression and the war of genocide targeting our people and our land. We have also announced our support for the decision to form the Community Support Committee to follow up on relief efforts, reconstruction, and the administration of Gaza as an inseparable part of the Palestinian state.

The last two weeks have seen a rise in action, primarily through campus solidarity encampments, among the Palestinian diaspora and their supporting communities abroad. Inspired by the example Columbia University students set with their Gaza Solidarity Encampment beginning April 17, campus organizations across the world have followed suit. Universities as far as Sciences-Po in France have established encampments, with groups as far and wide as the Swaziland National Union of Students offering statements of support and solidarity. In fewer than two weeks, we have seen Solidarity Encampments spread rapidly across the United States and other countries allied with the zionist entity.

Having established this, Gaza Solidarity Encampments must undermine their geographical separation by employing proven and successful strategies to their struggle, namely the Unity of the Fields, in order to escalate from simple demands of divestment into a truly anti-colonial reality which can be imposed on western institutions.

Solidarity Encampments have been formed out of the conscience of righteous and free people who reject being forced to contribute to the ongoing genocide of Palestinians in Gaza. This position converges naturally with that of the Palestinian people and the resistance waging the struggle on the front lines. Since the start of the zionist aggression on Gaza, the Palestinian people through their resistance have on numerous occasions declared that while international institutions are to blame for providing cover for the ongoing atrocities being committed in Gaza, it is the duty of the "free people" to rise in rejection of this status quo and act urgently to end the genocide and resolve the prisoners' struggle through their liberation.

Following this coordinated Palestinian message, and more than 200 days into the ongoing genocide, those who support Palestinian liberation began to act and, in fewer than two weeks, have taken nearly 100 university campuses by storm. Universities have been quick to escalate against anti-colonial action with dozens of schools authorizing police force to assault and arrest by the hundreds, and cancelling classes and graduations entirely. Campuses have been isolated from their communities as authorities attempt to draw a line between the student and their broader community which has the ability to multiply the impact encampments have had so far. Zionist agents and other counterrevolutionaries have attempted to sabotage these movements as well, turning these campuses from places of demonstration into true fields of confrontation.

Many student and community organizers have risen to meet these challenges head-on. Students at Columbia University responded to zionist-police violence with a call to escalate their action beyond divestment, distilling their message to genuine Palestinian liberation. They declared that they "will stop at nothing less than an end to the genocide in Gaza." Emory University has declared the goal of their encampment to be "total divestment from 'israeli' apartheid and Cop City." Cal Poly Humboldt and University of Illinois – Urbana Champaign have distinguished themselves as a model of confrontational action, with the former occupying two campus buildings and the latter using reinforced banners and signs to successfully defend against police aggression. Many encampments have closed ranks among themselves and used innovative tactics to push back against zionist-backed police violence and engage in successful de-arrest.

Regardless of the distinctions in their stated goals and tactics, all of the movements that have emerged thus far are actively confronting zionist-backed repression, and by doing so have ignited new and very real fields in the Palestinian struggle for liberation. Gaza Solidarity Encampments have the opportunity to impede the objectives of the zionist colonial project by stripping it of its investment capital and ideological backing.

On Campus Action and the Unity of the Fields (2/2):

More importantly, they serve as a means to further the demands of the anti-colonial movement in the west beyond solely divestment (which as it pertains to fossil fuels, can and has been circumvented by financial instruments) and into the real isolation of the zionist entity from the normalization it enjoys on western university campuses. Especially in the United States, universities have deep ties to the zionist-aligned national institutions, be they defense companies or investment through endowment. As part of this project, their tendency to suppress genuine revolutionary movements inevitably creates real fields of confrontation in the struggle for Palestinian liberation.

In light of the emergence of these new fields, which have been sustained through the principled refusal of some encampments to negotiate for scraps, it is imperative that other encampments hold to this principled stance, and that Gaza Solidarity Encampments adopt

In light of the emergence of these new fields, which have been sustained through the principled refusal of some encampments to negotiate for scraps, it is imperative that other encampments hold to this principled stance, and that Gaza Solidarity Encampments adopt and adhere to the Unity of the Fields.

The Unity of the Fields is a concept championed by the Palestinian resistance through its history of waging the struggle against imperialism on multiple fronts. Despite the various ideologies, short-term objectives, and locations of the factions participating in the struggle, the crux of this philosophy is that all can work towards one common goal without being placed under the same structure of governance. Unity of the Fields does not entail establishing a bureaucracy, though groups may remain in contact with one another to coordinate operations. Rather, it leverages the instant exchange of information available to us today to take facts on the ground and purpose them as "signals." For instance, when news is confirmed that negotiations have ended between the Palestinian resistance and mediators, the resistance in Lebanon may intensify its strikes to apply pressure. When Lebanon is bombed heavily, Yemen or Iraq may respond with force.

Similarly, we must recognize that US campus authorities especially are suppressing Palestinian liberationist action as parts of one system and on the orders of the same benefactors. Columbia University took violent action against encampment participants, aiming to instill fear among students across the country. However, it backfired and led to the proliferation of new camps within hours. Gaza Solidarity Encampments must act with the same unity: When one encampment is stormed – and we all receive notice of this in real-time – other encampments must escalate their efforts in lockstep. When one encampment achieves a real victory, the others should learn from that victory, apply its lessons to their own, and leverage that victory as pressure against their own repressive administrations. In this way, 100 separate and independent encampments can act as one supersystem, erasing the spatial and temporal divide that has been imposed on them.

Gaza Solidarity Encampments did not emerge with the intention of starting a confrontation of this nature; their demands have been righteous, realistic, clear and principled. Regardless of this intention, however, confrontation has been imposed on them and they must rise to meet the challenges. We have the privilege of witnessing in real-time the most successful resistance movement of contemporary history, and with it

The Popular Front for the Liberation of Palestine denounces the repressive practices to manage the universities of the United States. It confirms its support for the struggle of the student movement in order to support Palestine

April 23, 2024 | 22:28

At a time when the war of genocide continues against our defenseless Palestinian people in the Gaza Strip, and the Zionist brutal practices in Jerusalem and the West Bank. Which is implemented by the Zionist occupation army in the partnership, support and collusion of the American administration and Western colonial countries, allied with all the forces of evil and tyranny in the world. The occupation army continues over more than 200 days so far in committing massacres and brutal crimes, which human history has not seen before.

At a time when all the fans of peace in the world stand by the Palestinian people in their just struggle, in order to restore their usurped rights, and it is clearly evident as the ugly face of the Zionist racism.

While our students in American universities were looking forward to support and solidarity by the administration of universities, whose interests, profits, and investments have dominated the noble human values. It took a number of punitive measures against students, the

values. It took a number of punitive measures against students, the teaching staff and employees, and threatening and extorting them, for nothing but because they stand by the Palestinian people and support their fair struggle for freedom and human dignity. Those departments that prevail over their interests at the expense of Palestinian blood and human values, and were involved in the speeches of hatred against Arabs and Muslims, and the licenses of student organizations abolished that they are thus able to suppress the struggle of our students in universities within the United States.

We are at the Popular Front for the Liberation of Palestine, and with us all our people and the honorable nation and the world we confirm our steadfast support for the struggle of students and student and youth movements for justice in Palestine (SJP) and the Palestinian Youth Movement (PYM) in Colombia universities, Rutgers, Yal, Stanford, and others.
